

PE1953/J: Review Education Support staff roles

Scottish Government written submission, 19 February 2025

A draft report on the outcomes of the commitment to 'Explore in collaboration with trade unions and other key stakeholders options for the development of an accredited qualification and registration programme for Additional Support Needs assistants.' is currently being considered by the Cabinet Secretary. This work has taken longer than anticipated due to required engagement with a range of stakeholders. The Scottish Government intends to publish a final report on this work and we anticipate this will be in March / April 2025.
