22 April 2022

Dear Donald,

Major ICT projects – accountability and governance

Thank you for providing evidence to the Committee at its meeting on [31 March 2022](#). The Committee had hoped to explore how the Scottish Government has shared lessons learned from the cyber-attack on the Scottish Environment Protection Agency (SEPA) at the meeting, however time did not permit this.

The Committee therefore seeks information on the following—

- The Scottish Government's process for sharing lessons learned and intelligence from the cyber-attack on SEPA with the wider public sector.
- The support and guidance that the Scottish Government provides public sector organisations in relation to cyber security.

I would be grateful if you could respond to this letter by **20 May 2022**.

Yours sincerely,

Richard Leonard MSP,
Convener
