An excellent presentation from our invited guest Rigoberto Zaza Ross, Rigoberto updated members on the US blockade and what this means for the people of Cuba. Following the presentation from Rigoberto a video was played, highlighting the difficulty in managing healthcare services due to the lack of basic supplies and medicines this is directly related to the blockade.

## Scottish Cuba Solidarity Update – Kath Campbell

Scottish Cuba Solidarity Campaign update. Kath Campbell provided updates of economic and humanitarian crisis following the continuation of Cuba to State Sponsor of Terrorism list. The Scottish Solidarity Campaign continue to campaign against the blockade and have monthly Caravans against the blockade, Kath updated the meeting on the success of these campaigns and that ordinary members of the public do take great interest in this and are often shocked to hear about the situation.
