that, between 2008-09 and 2014-15, the combined spending of Scotland's enterprise agencies fell by of 12% in real terms; further notes that a continuation of the reduction of Scottish Enterprise and Highlands and Islands Enterprise budgets will prevent the realisation of these ambitions to improve the development of Scotland's economy, and commits to an action plan that will set out clear targets and timescales for the delivery of the strategy that Audit Scotland has called for."

**\*S5M-02099.2 Willie Rennie: Delivering Future Enterprise and Skills Support in Scotland – Phase One Outputs from the Enterprise and Skills Review—**As an amendment to motion S5M-02099 in the name of Keith Brown (Delivering Future Enterprise and Skills Support in Scotland – Phase One Outputs from the Enterprise and Skills Review), leave out from “, and welcomes” to end and insert “; believes that the need to reconstruct a dedicated enterprise presence for the south of Scotland emphasises the folly of continued centralisation by the Scottish Government, which would be exacerbated by the creation of a Scotland-wide super-quango to take away control from other existing agencies; considers that future business development funding should be restricted to companies that pay at least the living wage, and urges the Scottish Government to commit to a transformational investment in education, building the role of colleges back up, to boost the economy and ensure that firms can find the skills that they need.”

**\*S5M-02099.1 Dean Lockhart: Delivering Future Enterprise and Skills Support in Scotland – Phase One Outputs from the Enterprise and Skills Review—**As an amendment to motion S5M-02099 in the name of Keith Brown (Delivering Future Enterprise and Skills Support in Scotland – Phase One Outputs from the Enterprise and Skills Review), leave out from "believes that the challenge" to end and insert "notes that, with the new fiscal powers devolved to the Parliament through the Scotland Act 2016, the performance of the Scottish economy will have a significant impact on achieving these goals and on the levels of public spending available to the Scottish Government; notes that Scotland's economy continues to underperform compared with the rest of the UK on a range of measures; calls on the Scottish Government to effectively respond to the recommendations of the Audit Scotland report, *Supporting Scotland's economic growth*, by developing a clearer plan for delivering its economic strategy and measuring its impact; further calls on the Scottish Government to confirm that skills development remains a priority at all levels of educational provision in order to maximise the contribution to productivity and sustainable growth and ensure that enterprise continues to be central to achieving economic growth targets, and welcomes the publication of the outcomes of Phase 1 of the Enterprise and Skills Review and anticipates the speedy publication of the next phase of the review.”

**\*S5M-02116 Neil Findlay: Job Cuts at EHRC**—That the Parliament notes with concern that members of the Public and Commercial Services Union (PCS) from the Equality and Human Rights Commission (EHRC) will be taking part in industrial action on 26 October 2016 over cuts to staffing across the UK; considers that these cuts, which the UK Government is imposing, will have a direct impact on Scotland, including the removal of administrative support from the Scottish team with no guarantees on further staffing levels for the Scottish Directorate; is also concerned that the cuts to the budget by the UK Government will mean fewer caseworkers supporting victims of discrimination and could threaten the agency's UN "A" status as a national human rights institution, and urges the Parliament's Equalities and Human Rights Committee to consider the direct impact of the commission's work in Scotland, given that previously the EHRC gave a commitment to keep the Parliament abreast of developments.

**\*S5M-02113 Fulton MacGregor: Congratulations to Glenboig Neighbourhood House**—That the Parliament welcomes the £36,747 grant that Glenboig Neighbourhood House received from the Big Lottery Fund; understands that this money will be used to develop a programme of music workshops for young people aged between eight and 18-years-of-age living in Glenboig, Gartcosh and the surrounding areas; notes that workshops will consist of six eight-week programmes each lasting two hours over a 48-week period, focusing on different aspects of music production; further notes that the workshops will take place at weekends with an occasional workshop after school, depending on venue availability, which will benefit up to 72 young people each year, and congratulates Glenboig Neighbourhood House on this and similar projects that it runs for the benefit of the local community.

**\*S5M-02109 John Mason: Scotland Shouldn't Lose MPs**—That the Parliament notes that the Boundary Commission plans to reduce the number of MPs across the UK; understands that this could see six seats in Scotland being lost; believes that a similar system to the EU, in which smaller countries get more MPs per head, should be adopted and that a system of protection similar to what island constituencies receive could also be extended to rural communities; considers that, as the workload and responsibilities of MPs are not simply based on the needs of the registered electorate, constituencies should be based on the estimated population rather than the number of registered voters; understands that this is happening at a time when the House of Lords, which, it understands, is the second largest unelected parliamentary chamber in the world, is being expanded; deplores what it sees as the democratic representation of the UK being rolled back, and calls on the UK Government to look again at the boundary review.

**\*S5M-02105 Stuart McMillan: Congratulations to Greenock Morton**—That the Parliament congratulates Greenock Morton on what it sees as the team's incredible run to the semi-final of the Betfred League Cup, which unfortunately came to an end against Aberdeen; understands that this was Morton's first venture into the semi-final of a national cup competition in over 30 years; believes that the players fought for everything and gave an excellent account of themselves and everyone connected with the club; considers that all in Inverclyde should be proud of the team getting to this stage and hopes that this will be the first of regular forays to Hampden; congratulates Aberdeen on winning the tie and going through to the final, and wishes the Morton players, along with the manager, Jim Duffy, and all the backroom staff at Cappielow, the very best for the rest of the season.

### Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
