Debate on the subject of—**

**[S5M-04708](#) Neil Findlay: Flawed Airport Consultation**—That the Parliament notes what it sees as the growing concerns about Edinburgh Airport's plan to introduce new flight paths; understands that around 120 people attended the latest in a series of public meetings in Livingston to voice their opposition; believes that a number of flaws within the consultation have been identified, including the lack of inclusion of a health impact assessment of the proposed changes to airspace use since 2014, despite a number of residents reporting mental and physical health effects due to increased noise over their homes, the lack of evidence for the assertion that 25,000 fewer properties will be overflowed as a result of the changes, that Winchburgh and East Calder residents were informed through the first consultation that they would not be affected by any proposed changes but have since found that they will be affected by new plans, and the use of outdated census data from 2011 as the basis for the consultation, and notes calls for the Scottish Government to urge the Civil Aviation Authority to demand that Edinburgh Airport scraps what is considered this flawed consultation and begins the process again with up-to-date information and a more robust and credible consultation process.

## Members' Bills Proposals

### Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/12419.aspx>

### Final Proposal for Member's Bills

**Claudia Beamish: Proposed Prohibition of Fracking etc. (Scotland) Bill**—Proposal for a Bill to ban unconventional oil and gas extraction, including by means of hydraulic fracturing. (lodged 18 April 2017)

The proposal was accompanied by a summary of consultation responses, which is accessible online via the website page referred to above. The summary, and individual responses, may also be viewed in the Scottish Parliament Information Centre (SPICe).

## Progress of Legislation

### Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
