[S5M-05802](#) Christina McKelvie on behalf of the Equalities and Human Rights Committee: Hidden Lives New Beginnings: Destitution, asylum and insecure immigration status in Scotland—That the Parliament recognises that destitution has a detrimental impact on people, affecting their mental health, their ability to access health care, and also increases their risk of exploitation and abuse; thanks those who shared their personal experience of being destitute with the Equalities and Human Rights Committee; notes that destitution can also impact on families, communities and on the provision of support from non-governmental organisations and public authorities, and notes the findings and recommendations of the Equalities and Human Rights Committee's 3rd Report 2017 (Session 5), *Hidden Lives New Beginnings: Destitution, asylum and insecure immigration status in Scotland* (SP Paper 147).

Debate on the subject of—**

[S5M-05016](#) Jackie Baillie: Vale of Leven Hospital GP Out-of-hours Services—That the Parliament expresses its concerns about the future provision of GP out-of-hours services at the Vale of Leven Hospital; notes that a report produced by NHS Greater Glasgow and Clyde recommends the withdrawal of the service between Mondays and Fridays due to financial and staffing pressures; understands that the publication of the report follows months of temporary closures at the hospital during weekends as the NHS board is unable to recruit enough medical staff to cover the service; considers that it is unacceptable to force people in Dumbarton, Vale of

Leven, Helensburgh and Lomond to travel to the Royal Alexandra Hospital in Paisley to access emergency primary care services; believes that the report identifies a reduction in services at the Vale of Leven Hospital as the preferred option, despite the NHS board's own figures revealing higher attendances at GP out-of-hours services among Dumbarton and Alexandria residents than residents in Paisley; considers that such services are a vital component of any local hospital, and notes calls on the Cabinet Secretary for Health and Sport to intervene to ensure that the commitment in the Vision for the Vale agreement to maintaining these services is respected.

Members' Business motions that have not achieved cross party support

***[S5M-05827](#) Jamie Greene: Concerns over Public IT Infrastructure Investment Adversely Affecting the West of Scotland Region**—That the Parliament notes with concern an increasing list of publicly-funded IT infrastructure projects affecting the West of Scotland, which it considers are either not fit for purpose, are failing to perform their intended original function and have failed to be delivered on time or on budget; further considers that these include Scottish Government-administered contracts, such as the CAP Futures system, Police Scotland i6 programme and NHS24; understands that in the last five years, the public sector in Scotland has spent around £4 billion on ICT, with over £856 million spent on procuring ICT in 2015-16 alone; considers with particular concern that problems with the CAP Futures payment system has had a detrimental effect on the finances of farmers in North Ayrshire, Renfrewshire and Inverclyde and has negatively impacted the rural economies of these areas; notes that Audit Scotland previously warned that “A key factor in the failure to deliver the programmes as intended was the public sector bodies’ lack of specialist skills and experience” in its 2012 report, *Managing ICT Contracts, An audit of three public sector programmes*; further notes comments from Audit Scotland in May 2017 in its *Principles for a Digital Future: Lessons learned from public sector IT contracts* briefing, which it considers highlighted major flaws in the planning of, scope for and project management of the i6, CAP Futures and NHS24 projects; further considers that Audit Scotland in the same briefing exposed the difficult and often problematic relationships between civil servants, programme and delivery teams, public bodies and IT contractors, and notes with concern an emerging pattern of poor project planning and scope setting, poor value for money, lack of accountability and inadequate project management on large-scale IT projects, tenders and contracts in Scotland.

Other new and altered motions and amendments

***S5M-05834 Maurice Golden: St Andrew's Church Fundraising Success for Youth**

Trip—That the Parliament congratulate St Andrew's Church in Barrhead on raising enough money to guarantee its annual youth group trip to the Borders; understands that church members and volunteers worked hard to ensure the success of a fundraising baking event, which raised £640; notes that the fundraiser is held on an annual basis to help pay for a weekend trip that is organised by Christian group, Urban Saints, which allows a party of leaders and around 50 children from its Sunday school, Kid's Club and the Boys' Brigade to take part in a range of fun outdoor activities, and wishes both the church continued success in its fundraising efforts and the children a fun trip in 2017 and for many years to come.

***S5M-05833 Ben Macpherson: Hidden Door Festival Opens in Leith Theatre**—That the Parliament welcomes the commencement of the Hidden Door Festival in Edinburgh, which will run from 26 May to 4 June 2017; recognises that this year marks the fourth year since the festival began; further recognises that the festival was initiated to provide young artists in Edinburgh with the opportunity to showcase performances in theatre, music, visual arts and the spoken word; appreciates that the festival also aims to bring various unused spaces across Edinburgh to life; further appreciates that this year's festival is taking place in Leith Theatre, which was founded in 1932 as Leith Town Hall but has in recent years lain empty; welcomes that the building is now being reinvigorated by Leith Theatre Trust to fully restore it to its former glory and considers that the setting for this year's festival has played a significant part in that; understands that this is the first event taking place in the theatre in almost 30 years; notes that the festival is 100% volunteer-run and is a non-profit festival; considers that the festival could only take place with the hard work of the volunteers and team, and wishes the festival and all those involved the best of luck.

***S5M-05831 Maurice Golden: Include Me 2 Club**—That the Parliament welcomes the news that the Include Me 2 Club will offer residents of Barrhead and Neilston with additional support needs the opportunity to socialise on a weekly basis; notes that events will be held at both Arthurlie Social Club and Glen Hall in Neilston; understands that the project is open to anyone who has learning, physical or mental disabilities, and that the club offers them the opportunity to make new friends and reduce isolation; applauds the support of Arthurlie Taxis, which provides free transportation to the club for those with mobility issues, and wishes staff and members every success and enjoyment from the club.

Supported by: Ben Macpherson*, Richard Lyle*, James Dornan*, Sandra White*, Ash Denham*

***S5M-05829 Alison Johnstone: The Wave Project**—That the Parliament recognises the potential of sport to contribute towards positive change in health; commends the work done to this end by many organisations across Scotland, such as the Wave Project, which is a mental health intervention initiative that is based around surfing; understands that its success is a result of it adopting an evidence-based approach, coupled with the determination of communities to provide support for some of their most vulnerable members; notes what it sees as the clear evidence of the health benefits that it brings and its promotion of sustainability; and believes that ensuring practitioners can access and evaluate relevant evidence would be of benefit to the organisations operating in this sector and to public health.

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
