***S5M-11828 Jackie Baillie: Helensburgh Hockey Club Wins Vital Title Clash**—That the Parliament congratulates Helensburgh Hockey Club on its 7-0 win against East Kilbride; understands that the game, played at Hermitage Academy in Helensburgh, was dominated by the Helensburgh side from early on; notes that this was an important game as the winner was likely to come out on top of the West District Division 2 league; further notes that league success will not be confirmed until 28 April 2018; understands that Helensburgh Hockey Club has one game left this season, which will be played against Rottenrow at the National Hockey Centre; wishes the club all the best in this game, and hopes that it will be named as the league winner.

***S5M-11827 Andy Wightman: Towards Land Ownership Transparency in Scotland**—That the Parliament welcomes the report that has been written by Poppea Daniel for Community Land Scotland, *Towards Land Ownership Transparency in Scotland*, which examines the state of transparency in land ownership as part of a larger study that is being led by Transparency International; notes that the report formed the basis of a presentation at the World Bank Conference on Land and Poverty in Washington DC on 20 March 2018; commends Ms Daniel on her rigorous research and for the innovative approach to present a so-called traffic lights system to explain how well Scotland is doing in comparison with best practice on the five key themes, Land Registry Structure and Information, Access to Information on Land Information and Control, Legal Entity Registry and Information Collection, Access to Information about Legal Entities and Responsibilities of Land-owning Entities; understands that, despite a long history of land registration in Scotland, there are critical gaps between what is publicly accessible and what is actually available; believes that, despite recent developments, such as the Land Reform (Scotland) Act 2016 and the commitment by the Scottish Government to increase land ownership transparency in the Programme for Government 2017-18, there remains little progress in this area; considers that the current system of accessing the most basic of land information is problematic, disjointed and expensive for citizens; regrets what it sees as the ongoing failure to deliver a comprehensive and accessible Scottish land information system, and notes the previous calls on the Scottish Government to follow the lead of the UK Government and open up the registers and commit to a freely-available, transparent suite of open data on land and property. **R**

***S5M-11825 Bruce Crawford: Gigabit City Investment in Stirling**—That the Parliament welcomes the recent announcement from CityFibre and Vodafone of a £10 million investment in the Stirling area to enable residential access to ultra-fast broadband; notes that this approach could achieve gigabit speeds, which will help future-proof local broadband infrastructure, and considers this is a vote of confidence in Stirling's digital economy.

***S5M-11823 Gillian Martin: Welcoming Women in Engineering Day**—That the Parliament welcomes that Women in Engineering Day is on 23 June 2018; notes that it highlights the work needed to go further and faster to meet the target of 140,000 women engineers by 2022; understands that only 9% of engineers and 18% of the tech workforce are female; considers that action must come from the industry and other stakeholders to make the changes within the sector; believes that there are a number of positive action measures that can be taken, such as outreach, placements, training and activities, which target women and girls, and encourages the industry to meet the future needs of the engineering and technology sectors.

***S5M-11822 Ross Greer: GMB Workers in East Dunbartonshire Back Strike Action**—That the Parliament understands that GMB members at East Dunbartonshire Council have overwhelmingly voted to back industrial action; believes that this is in response to what it sees as the council leadership's recent attacks on workers' terms and conditions, including a three-day cut in annual leave and a major reduction in the terms of workers who face redundancy; believes that such moves are a cynical attempt by the new administration to undermine employees; notes that, in March 2018, a number of the local authority's schools were closed following strike action by the NASUWT, and calls for the council to change its approach and for it to engage with the unions to agree an approach that is based on protecting and defending workers' rights.

***S5M-11821 Fulton MacGregor: Carnbroe Incinerator Rejected**—That the Parliament welcomes the reported unanimous decision of the North Lanarkshire Council planning committee to reject the proposal for an increased capacity energy from waste pyrolysis plant at Carnbroe in Coatbridge; believes that this decision came as a result of the long-term, powerful campaign by the Monklands Residents Against Pyrolysis Plant (MRAPP) group, which is led by Maggie Proctor and made up of residents from throughout Carnbroe and Shawhead, and further afield, to ensure

***S5M-11819 Stuart McMillan: Record Numbers at Foodbanks in Scotland**—That the Parliament is concerned by reports of a 17% increase in demand for emergency food supplies in Scotland; considers that, in a country as wealthy as the UK, it is the duty of government to provide for the essential needs of its people; believes that the distribution of 170,625 food parcels in Scotland by The Trussell Trust represents a failure by the UK Government to properly support those in poverty; understands that the continued austerity on the part of the Conservative administration in the name of welfare reform and what it considers its poorly planned universal credit scheme have failed those most in need, and believes that they should be redressed.

***S5M-11811 Kenneth Gibson: Diminishing Choice When Paying for Essential Services**—That the Parliament notes with concern reports that people are being charged excessively for paying for essential services by cash or cheque; understands that four-in-five people who do not have access to the internet are over the age of 65 and that these customers face significant penalties designed to direct customers towards internet deals, as these are cheaper for companies to run; notes that paying by cash or cheque may be preferred by individuals as it allows for more control over budgeting; understands that some of the UK's biggest energy companies recently increased their prices, with EDF now charging £90 a year for paying by cheque or cash, and British Gas raising bills by 2.4% for people using these methods of payment, as opposed to a 1.4% increase for customers paying by direct debit; realises that the majority of the best value deals are advertised on price comparison websites; appreciates that householders without computers are often billed for broadband that they do not use, as many suppliers no longer offer landline only deals; considers that penalising customers based on their payment method, or indeed their ability or desire to use the internet, is discriminatory, and therefore believes that consumers need to be able to choose from a range of safe, convenient and affordable ways to pay for their essential services.

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
