### Motions and amendments can be published with symbols:

- \* before the number indicates publication for the first time
- \*...\* around a section of text indicates changes to previously published material

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

## Motions for Debate

**\*[S5M-10039](#) Liam Kerr: Railway Policing**—That the Parliament respects the devolution of railway policing as agreed in the Scotland Act 2016, but notes concern regarding the leadership challenges facing Police Scotland; believes that railway policing is of critical importance to public safety, particularly in responses to terrorism, and further believes therefore that it would be prudent to pause the integration of the British Transport Police into Police Scotland.

Supported by: Margaret Mitchell\*

**\*[S5M-10038](#) Liam Kerr: Justice**—That the Parliament believes that the Cabinet Secretary for Justice has not acted transparently or openly when updating Members regarding the Chief Constable's investigation, special leave and potential return to work.

Supported by: Margaret Mitchell\*

**\*S5M-10016 Neil Findlay: St John's Children's Ward Demonstration**—That the Parliament congratulates the parents, children, grandparents and members of the public who participated in a recent demonstration at St John's Hospital to protest at the reported ongoing staffing problems at the children's ward, which, it understands, see it closed to in-patients out-of-hours and, at times, without even the facility to assess sick child patients; believes that recent correspondence from NHS Lothian confirms that, since 7 July 2017, 414 children who have presented at St John's were unable to be admitted because the ward was closed and that 341 were subsequently admitted to the Sick Children's Hospital; understands that this failure of workforce planning dates back six years; believes that a repeated failure to resolve this has left the growing population of West Lothian without a 24/7 service, despite two reports from the Royal College of Paediatrics, which, it understands, advise that such a service is required, and calls on the Scottish Government and NHS Lothian to take immediate steps to fully staff the ward and to apologise to the families and patients for this situation.

New Subordinate Legislation   Adhartas Reachdais				

## New Subordinate Legislation

### Affirmative instruments

The following instrument was laid before the Parliament on 22 January 2018 and is subject to the affirmative procedure—

Continuing Care (Scotland) Amendment Order 2018 [draft]  
laid under section 26A(11)(b) of the Children (Scotland) Act 1995

## Members' Bills Proposals

### Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/12419.aspx>

### New Draft Proposal

#### Final Proposal for Member's Bills

The proposal was accompanied by a summary of consultation responses, which is accessible online via the website page referred to above. The summary, and individual responses, may also be viewed in the Scottish Parliament Information Centre (SPICe).

## Progress of Legislation

### Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
