#### Debate on the subject of—

**[S5M-09381](#) Gail Ross: Adverse Childhood Experiences**—That the Parliament notes that in Caithness, Sutherland and Ross, and across Scotland, there are still many children who are growing up with adverse childhood experiences (ACE), a term that covers abuse, neglect and household adversity, the effects of which can cause chronic stress responses and have a lasting impact on children as they grow into adults; notes research, which suggests that instances of ACE rise with the level of deprivation that a child is living in; understands that there are no published studies to date of the prevalence specifically of ACE among the general population of Scotland; notes what it sees as the benefits of early intervention and addressing ACE; considers that such an approach has a positive impact on the person as well as society as a whole, and notes the view that, in order to mitigate against these experiences, a greater understanding must be achieved among policy makers and that focus should lie on prevention, resilience and enquiry.

**\*S5M-10047 Liam McArthur: Northlink to End Use of Plastic Straws**—That the Parliament welcomes the announcement by the ferry operator, NorthLink, that it is replacing plastic straws with paper ones and will end the sale of plastic-stemmed cotton buds on all its sailings in an effort to tackle plastic pollution in seas and on beaches; notes that the announcement follows an earlier decision to withdraw disposable cups from cabins; understands that this has substantially reduced the amount of waste on board its vessels; further understands that Northlink is also working toward removing the one-use cold drink cup from all areas onboard, replacing the plastic bags in its shops to paper and changing the 2 oz plastic ramekins to paper ones; commends Northlink's steps to work with local wholesalers for eco-friendly alternatives; believes that this is an important step in tackling the damaging impacts that non-biodegradable plastics are having on the global environment, and hopes that Northlink's example will persuade others to follow suit and commit to switching to environmentally-friendly and sustainable packaging.

**\*S5M-10046 Kate Forbes: Congratulating Kyle Mackay of Kiltarlity**—That the Parliament congratulates eight-year-old Kyle Mackay, who has been salting the pavements in the Highland village of Kiltarlity during the recent frosty weather; understands that Kyle decided to help grit paths out of a concern for others in his community; thanks MacGregors and William Gray Construction for providing him with his own gloves and high-visibility jacket, which includes his name on the back, and a special salt spreader; notes that he has become something of a local hero because of his selfless efforts, and encourages The Highland Council administration to take inspiration from Kyle and grit more of the region's local rural roads.

regenerate landscape to be led primarily by local people, and to direct any available funds for this purpose through communities with the key stake in determining their own futures.

**\*S5M-10044 Dean Lockhart: Save the Smith**—That the Parliament notes with concern the reported 2018-19 budget proposals from Stirling Council, which have proposed withdrawing funding for the Smith Art Gallery and Museum from 2021; believes that these reductions will have a devastating impact on the museum and, according to the trustees, will make the museum financially unviable; recognises the essential contributions that the Smith has made, and aspires to make in the future, to the area's internationally recognised cultural heritage; believes that significant budget cuts in the support given to the centre will have an adverse effect on a range of stated council objectives, and that moves to close the museum will have a detrimental impact on the range of high-quality cultural and economic assets that Stirling can offer residents and visitors, and calls on the council to withdraw what it considers these damaging proposals at the earliest opportunity.

## Members' Bills Proposals

### Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/12419.aspx>

### Final Proposal for Member's Bills

The proposal was accompanied by a summary of consultation responses, which is accessible online via the website page referred to above. The summary, and individual responses, may also be viewed in the Scottish Parliament Information Centre (SPICe).

### Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
