Other new and altered motions and amendments

***[S5M-12809](#) Rhoda Grant: SPPA Rate Charges**—That the Parliament condemns what it sees as the excessive flat rate charges that are being levied by the Scottish Public Pensions Agency (SPPA) for pension data requests that are necessary in the matter of divorce proceedings; considers that these can be disproportionate to the request, particularly as they are set at a flat rate no matter the pension value; understands that, for some older people, they can represent a large proportion of their annual income, while for others, it represents a much smaller percentage; believes that these charges are unaffordable for many vulnerable people going through a divorce, including in cases of a break up of relationship due to domestic abuse; considers that this disproportionately impacts on women, who are more likely to have been in low paid or part-time work, and agrees that the SPPA should develop a system of exemptions for the charges in certain circumstances, such as financial hardship.

Written questions lodged on 14 June 2018

S5W-17187 Emma Harper: To ask the Scottish Government what the impact will be for Scotland's (a) farming and (b) fisheries sector following the decision by the UK Parliament on the EU Withdrawal Bill.

S5W-17225 Christine Grahame: To ask the Scottish Parliamentary Corporate Body how many cross-party groups there are; how many have been dissolved in the current parliamentary session, and how many outstanding applications there are for establishing a group.

S5W-17228 Elaine Smith: To ask the Scottish Government how it (a) promotes and (b) supports financial health checks for older people.

S5W-17229 Elaine Smith: To ask the Scottish Government, further to the answer to question S5W-16751 by Aileen Campbell on 5 June 2018, how much has been spent in each local authority on the Active Schools programme in each year since 2015.

S5W-17230 Elaine Smith: To ask the Scottish Government, further to the answer to question S5W-16770 by Kevin Stewart on 29 May 2018, how it ensures that local authorities are building enough accessible housing for disabled people to meet demand, and what it considers a "reasonable target" should be under the refreshed Local Housing Strategy guidance.

S5W-17232 Elaine Smith: To ask the Scottish Government what information it has regarding how many private sector rented homes in each local authority area are accessible for disabled people.

S5W-17233 Brian Whittle: To ask the Scottish Government what its timeline is for the elimination of the hepatitis C virus, and whether its expected eradication date is in line with (a) France, which has set a target of 2025, and (b) other European countries.

S5W-17237 Brian Whittle: To ask the Scottish Government what assessment it has carried out of whether any long-term savings could be achieved by increasing expenditure over the next two years on hepatitis C treatments.

S5W-17239 George Adam: To ask the Scottish Government what the unitary charge costs are for the 25-year private contract period for HM Prison Addiewell.

S5W-17240 Alison Harris: To ask the Scottish Government, further to the answer to question S5T-01141 by Maree Todd on 12 June 2018 (*Official Report*, c. 4), and in light of the comment by Audit Scotland in its report, *Early learning and childcare*, which was published in February 2018, that it had "failed to set out clearly the improved outcomes for children and parents that the expansion to 600 hours was designed to achieve, and how it would assess the impact of the additional investment. It did not identify what measures would indicate success or ensure baseline data was available", whether it can confirm what action has been taken in response to these concerns, including putting in place a new baseline set of data.

S5W-17248 Tavish Scott: To ask the Scottish Government, further to the statement by the Minister for Parliamentary Business on 13 June 2018 (*Official Report*, c. 2), who created the definition of "sensitive information", and whether it will provide the information that was requested regarding (a) what its definition is of sensitive information and (b) which minister will make the decision regarding what is sensitive or not sensitive in relation to Freedom of Information requests.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

Progress of Legislation

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
