## Motions

Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

### Motions and amendments can be published with symbols:

- \* before the number indicates publication for the first time
- \*...\* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

### Members' Business motions that have achieved cross party support

**\*[S5M-10907](#) Johann Lamont: The Right to Recover**—That the Parliament welcomes the publication of *The Right to Recover* by NSPCC Scotland; notes that the research looked at children's access to recovery services after experiences of sexual abuse; understands that, because of the barriers to disclosure, very few children disclose their experiences; acknowledges that this report looks at what help is currently available to the children and young people who do report this, to help them cope and overcome the problems arising from it and to prevent them experiencing further pain; notes that it looked at services in the west of Scotland that offer responsive face-to-face therapeutic support to under-18s, including those who have experienced any form of sexual abuse and/or exploitation, children who have been identified as being at risk and those who might have displayed sexually worrying or harmful behaviour; understands that, in 1992, the provision of therapeutic services to help children recover from sexual abuse was described as "patchy, poor and inadequate", and that a 2008 study of therapeutic provision in Scotland found a similar picture; welcomes the Scottish Government's awareness of the life-long impact of adverse childhood experiences, the national strategy, Equally Safe, which aims to prevent and eradicate violence against women and girls, and the national taskforce that is reviewing services for child and adult victims of sexual crime, and considers that this research provides a missing piece of the jigsaw for ensuring a joined-up child-focused response to sexual violence in Glasgow and across Scotland.

## Members' Bills Proposals

### Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/12419.aspx>

### Final Proposal for Member's Bills

**Monica Lennon: Proposed Sanitary Products (Free Provision) (Scotland) Bill**—A proposal for a Bill to ensure free access to sanitary products, including in schools, colleges and universities (lodged 7 March 2018)

The proposal was accompanied by a summary of consultation responses, which is accessible online via the website page referred to above. The summary, and individual responses, may also be viewed in the Scottish Parliament Information Centre (SPICe).

## Progress of Legislation

### Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
