Motions

Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

Motions and amendments can be published with symbols:

- * before the number indicates publication for the first time
- *...* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

***[S5M-15734](#) Bruce Crawford: CPR in Stirling Council Schools**—That the Parliament welcomes the announcement by Stirling Council that it is committing to providing lifesaving CPR training for every secondary school pupil; recognises that this decision has been taken to improve out-of-hospital cardiac arrest survival rates; understands that international best practice from Denmark, Norway and Seattle in the United States indicates that training all secondary pupils in this vital skill has the potential to greatly improve cardiac arrest survival rates; notes that this decision sees Stirling Council join with 21 other local authorities across Scotland in pledging to equip all secondary pupils with this skill, and believes that, if the nine remaining councils were to make a similar commitment, Scotland would see approximately 50,000 young people trained in lifesaving CPR every year.

***S5M-15726 Stuart McMillan: Texas Instruments Saved from Closure**—That the Parliament welcomes the news that the Texas Instruments (TI) manufacturing facility in Greenock has been saved from closure; understands that a reported £65 million rescue deal has been signed with the American firm, Diodes Incorporated, which includes a £15 million support package from the Scottish Government and Inverclyde Council; further understands that this will prevent the loss of 300 jobs at the semiconductor site; recognises that this announcement comes three years after TI revealed its plans to leave Inverclyde; believes that this fantastic result is largely down to the determination of the TI Taskforce, the Scottish Government and all its agencies, TI itself and Diodes Incorporated; congratulates everyone involved on their efforts in securing this deal and the significant investment that it will bring to Inverclyde, as well as maintaining high-skilled and high-value local employment; commends the TI employees who have continued to deliver high-quality products despite the job uncertainty that they faced, and wishes Diodes Incorporated every success with its new venture in the Greenock and Inverclyde constituency.

Supported by: Emma Harper*, Clare Adamson*, Joan McAlpine*, Maureen Watt*, Colin Beattie*, Sandra White*, George Adam*, David Torrance*, Stewart Stevenson*, Angus MacDonald*, Neil Bibby*, Keith Brown*, Kenneth Gibson*

***S5M-15725 Jenny Gilruth: Auchmuty High School Digital Workshop First in Scotland**—That the Parliament welcomes the interactive digital workshop organised by Auchmuty High School's Head of Computing Science, Jamie Edgar, which it understands was the first of its kind in Scotland with more than 200 girls taking part; notes that the all-day event was inspired by the Tata Consultancy Services Digital Explorers event, which was held in Edinburgh in 2018; understands that the pupils were highly engaged with the outcomes of each activity, which focused on challenging the girls at the right level for their age groups; considers that, by the time girls enter senior year in school, there is a real difference in which subjects are being picked, and that those included in organising the event hope that by engaging with young girls at an earlier stage of their education they can begin to address gender imbalances, particularly within STEM subjects, and wishes all of those involved in the event the best of luck with any future projects.

Supported by: David Torrance*, Annabelle Ewing*, Joan McAlpine*, Kenneth Gibson*, Bill Kidd*, Miles Briggs*

***S5M-15722 Rachael Hamilton: Mental Health in the Hospitality Industry**—That the Parliament notes the results of the survey carried out by the *Caterer* magazine on mental health in the hospitality industry; notes that it revealed significant problems within the sector, with 59% of respondents having a mental health problem and 71% saying that they had experienced it at some point, and identified a lack of resources and support to help deal with it; understands that, while the hospitality industry does not necessarily cause mental health issues, certain characteristics such as shift patterns and high pressure environments can have an adverse impact or worsen existing issues, and welcomes the launch of the new charity, Hospitality Health, which will help staff and students within the hospitality sector with addiction issues and poor mental health through initiatives such as its Resilience Course to help those working in hospitality to build strategies for bouncing back through tough times, and its Employee Assistance Programme, which will help organisations to support their staff. **R**

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/12419.aspx>

Final Proposal for Member's Bills

Stuart McMillan: Proposed Recovery of Medical Costs for Industrial Disease (Scotland) Bill — Proposal for a Bill to enable Scottish Ministers to recover, from the party responsible for causing an industrial disease, certain costs incurred by the NHS in providing care and treatment to those suffering from that disease. (lodged 1 February 2019)

The proposal was accompanied by a summary of consultation responses, which is accessible online via the website page referred to above. The summary, and individual responses, may also be viewed in the Scottish Parliament Information Centre (SPICe).

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
