Motions

Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

Motions and amendments can be published with symbols:

- * before the number indicates publication for the first time
- *...* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

Motions for Debate

***[S5M-16013](#) Daniel Johnson: Justice**—That the Parliament believes that transparency and consistency are fundamental to ensuring that victims' and wider society's interests are served by the justice system; notes recent cases raising questions about how individual circumstances inform sentencing; is concerned that it has taken three and a half years for the Scottish Sentencing Council to produce one set of sentencing guidelines; notes that guidelines on sexual assaults will not be available until after 2021, and considers this unacceptable.

***[S5M-16012](#) Mark Griffin: Carers Allowance Supplement**—That the Parliament rejects the use of the Consumer Price Index to uprate Carer's Allowance and the earnings threshold; agrees that social security is an investment in the people of Scotland and that, therefore, the Retail Price Index (RPI) should be used, and believes that ministers should use their powers under the Social Security (Scotland) Act 2018 to uprate the full sum of Carer's Allowance and the supplement in line with RPI to underline the commitment to deliver a Scottish social security system based on dignity and respect.

Supported by: Pauline McNeill*

***[S5M-16009](#) Andy Wightman: Appointment of Member of the Standards Commission for Scotland**—That the Parliament agrees, under section 8 of the Ethical Standards in Public Life etc. (Scotland) Act 2000, to appoint Ashleigh Dunn as a Member of the Standards Commission for Scotland.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/12419.aspx>

Final Proposal for Member's Bills

Stuart McMillan: Proposed Recovery of Medical Costs for Industrial Disease (Scotland) Bill — Proposal for a Bill to enable Scottish Ministers to recover, from the party responsible for causing an industrial disease, certain costs incurred by the NHS in providing care and treatment to those suffering from that disease. (lodged 1 February 2019)

The proposal was accompanied by a summary of consultation responses, which is accessible online via the website page referred to above. The summary, and individual responses, may also be viewed in the Scottish Parliament Information Centre (SPICe).

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
