Members' Business motions that have not achieved cross party support

***[S5M-15570](#) Kenneth Gibson: Changes to Pension Credit Could Cost Mixed-age Couples £7,320 Annually**—That the Parliament condemns the UK Government's decision that, from 15 May 2019, newly-retired people whose partners are younger than the state retirement age of 65 will no longer be able to claim pension credit (PC) and must instead claim universal credit (UC) along with their partners; understands that the couple rate of UC is £114.81 a week, compared with £255.25 for a couple receiving PC, which amounts to a potential loss of £7,320 a year; believes that this change could have a devastating impact on couple's finances, health and wellbeing and increase the number of older people in poverty; considers that, if the change comes into force, couples might find themselves in the position of being financially better off if they split up and live apart; is disappointed that the changes were set out in a written statement by Parliamentary Secretary for Pensions and Financial Inclusion, Guy Opperman MP, which was published online on the evening of 14 January 2019; believes that this allowed the announcement to go through largely unnoticed due to the Brexit vote, and notes the calls for the UK Government to reconsider this decision, which, it believes, could drive many older people and their partners in Cunninghame North, Scotland and across the UK into poverty.

***S5M-15563 Angela Constance: Macrae of Livingston Announces Further Job Losses**—That the Parliament acknowledges what it sees as the devastating and disappointing news that 50 jobs in Livingston are at risk at the Macrae factory, which is owned by Young's Seafood; believes that, while the company has spoken of its long-term commitment to the area, citing no loss of business and attributing its actions to improved productivity as a result of investment in new machinery, this news remains deeply regrettable and will be of absolutely no comfort to the 50 employees and their families; considers that it is imperative that all the proper processes are followed, and that the respective trade union and employee representatives are fully involved over the coming days and weeks, and asks the Scottish Government to ensure that it is fully engaged with the company and do everything possible to support the workforce at this difficult time.

***S5M-15562 Lewis Macdonald: Young Start Funding for Fersands and Fountain Community Project**—That the Parliament congratulates Fersands and Fountain Community Project in Aberdeen on being awarded £80,816 from the Big Lottery Fund's Young Start programme; understands that the group will use the funding to continue its youth work activities for local people aged 18 to 24, including a lunch club, a sports club, a music group, a programme of activities during the school holidays and an annual residential trip; recognises that the Young Start programme aims to support organisations that help children and young people thrive and realise their potential, and believes that everyone involved in the Fersands and Fountain Community Project will benefit significantly from this funding award.

***S5M-15561 Keith Brown: Closure of Santander Alloa Branch**—That the Parliament expresses disappointment regarding the reported decision by Santander to close its branch in Alloa in June 2019; notes that the announcement comes just weeks after the loss of the RBS branch in the town; deplores the loss of banking services in Alloa and across Clackmannanshire, given the closure of several other bank branches in the area over recent years; is concerned about the fate of staff at the branch, who it understands face an uncertain future as a result of the announcement, and calls for action to protect banking services from the UK Government, which has regulatory and legislative competence over banking and which it believes must act in the interests of the customers and businesses who face more upheaval as a result of this latest proposed bank closure.

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
