## 12:45 pm Members' Business — S5M-17253 Alex Cole-Hamilton: Trauma Recovery and Support for First Responders

**S5M-17253 Alex Cole-Hamilton: Trauma Recovery and Support for First Responders**—That the Parliament notes that every day in Scotland, including in Edinburgh, people offer assistance to perfect strangers in moments of crisis and trauma; recognises that first responders, both in the emergency services and members of the public, are often called upon to intervene to offer assistance during incidents where they may witness scenes of trauma and death; understands that these experiences may stay with them and may cause psychological harm for many years; notes recent staff surveys that suggest low morale among emergency workers relating to unresolved trauma and stress; further notes what it sees as continuing problems around waiting times for mental health services throughout the NHS; believes that people die in the arms of strangers every week in Scotland, but that consideration is not often given to what happens to that stranger after the event, and notes calls on the Scottish Government to bring forward a national first responder trauma recovery strategy, which will ensure that anyone caught up in, or witness to, a traumatic event is given the support that they need in the immediate aftermath of the event.

**\*S5M-17559 James Dornan: Report on the Link Between Smoking and Poverty**—That the Parliament welcomes the report on smoking and the link with poverty that has been published by the Smoking and Poverty Partnership between the Poverty Alliance and ASH Scotland: acknowledges the recommendations that there is a need for greater education to explore the impact of smoking and poverty and that the development of a positive message of supporting smokers and not penalising them will assist in reducing smoking; notes that it also says that there is a need to emphasise that smoking is not a coping mechanism and that there are more effective strategies in combating life's stresses, and acknowledges the many organisations that offer advice, resources and training to clients in an empathetic and supportive manner while also providing the leadership to facilitate strategies and collaboration between health and anti-poverty interests, by integrating smoking and poverty in local and national strategies.

**\*S5M-17558 James Dornan: Cathcart Schools Lead the Fight Against Period Poverty**—That the Parliament congratulates Castlemilk High and Hillpark secondary schools, which are in the Cathcart constituency, on the leadership that they have demonstrated in tackling period poverty, which has been a barrier to education for some girls; notes the support from the social enterprise, Hey Girls, in partnership with Glasgow City Council that has encouraged the S2 ambassadors to meet and discuss how they can best lead the project in their schools: acknowledges the array of activities that the ambassadors have participated in to raise awareness of the issue and to champion period equity; understands that the project survey results found that 6% of girls said that, on occasions, there was no money at home to buy sanitary towels; and that 11% had heard of, or knew, of someone unable to attend school due to no protection, and welcomes the support of Hey Girls in providing Glasgow schools with plastic-free, sustainably-sourced pads, tampons, cups and cloth pads.

**\*S5M-17548 Neil Findlay: Brian Higgins, a Working Class Hero**—That the Parliament notes with sadness the death of Brian Higgins, who was a bricklayer from Glasgow who, as a shop steward and safety rep for the construction union, UCATT, was subject to blacklisting by major building firms using the services of what it sees as the notorious Economic League and Consulting Association; understands that Brian, who it believes was also kept under surveillance by undercover police officers from the now disgraced Special Demonstration Squad, was granted core-participant status in the Mitting public inquiry into undercover policing. but believes however that lamentable delays and a failure to disclose evidence meant that he became one of the many Scottish activists to have been denied justice, and sends its condolences to Brian's wife, Helen, his daughters and his friends, and his comrades in the trade union movement, who stood in solidarity with him in the fight against victimisation.

## Members' Bills Proposals

### Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

<http://www.parliament.scot/parliamentarybusiness/Bills/12419.aspx>

### Final Proposal for Member's Bills

A proposal for a Bill to make the right of the defence solicitor for a person accused of homicide to instruct a post-mortem examination of the alleged victim subject to an extendable time-limit in order to minimise delays and uncertainty for victims' families. (lodged 16 May 2019)

The proposal was accompanied by a summary of consultation responses, which is accessible online via the website page referred to above. The summary, and individual responses, may also be viewed in the Scottish Parliament Information Centre (SPICe).

## Progress of Legislation

### Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
