- (4) The planning authority may also, if the authority consider it appropriate, consult the general public and, if they do so, must take such steps for that purpose as they consider appropriate.
- (5) In light of the conclusions of an assessment under subsection (1), and subject to section 263C, the planning authority may grant consent, permission or other authorisation for the development only after having ascertained that it will not adversely affect the integrity of the Ramsar site.
- (6) In considering whether a development will adversely affect the integrity of the site, the planning authority must have regard to the manner in which the development is proposed to be carried out or to any conditions or restrictions subject to which they propose that the consent, permission or other authorisation should be given.
- (7) For the purposes of this section and sections 263C and 263D—

“appropriate nature conservation body” means a body designated by the Scottish Ministers by regulations for the purposes of subsection (3),

“the Ramsar Convention” means the Convention on Wetlands of International Importance especially as Waterfowl Habitat signed at Ramsar on 2nd February 1971, as amended by—

- (a) the Protocol known as the Paris Protocol done at Paris on 3rd December 1982,
- (b) the amendments known as the Regina Amendments adopted at the Extraordinary Conference of the Contracting Parties held at Regina, Saskatchewan, Canada, between 28th May and 3rd June 1987, and
- (c) any further amendments coming into force from time to time,

and the reference in this subsection to paragraph 1 of article 2 is, if necessary in consequence of any such further amendment or the coming into force of any instrument replacing that Convention, to be taken as referring to the appropriate successor provision,

“Ramsar site” means a wetland situated in Scotland and designated under paragraph 1 of article 2 of the Ramsar Convention for inclusion in the list of wetlands of international importance referred to in that article.

263C Assessment of implications for Ramsar site: consideration of overriding public interest

- (1) Where an assessment under section 263B(1) has concluded that a development is likely to have a negative effect on a Ramsar site, a planning authority may grant consent, permission or other authorisation to the development only if they are satisfied that—
 - (a) there is no alternative solution, and
 - (b) there are reasons of overriding public interest (which may be of a social or economic nature) for doing so.

- (2) Where a planning authority propose to grant consent, permission or other authorisation to a development in accordance with subsection (1) they must notify the Scottish Ministers.
- (3) Having notified the Scottish Ministers under subsection (2), the planning authority must not make a decision on whether to grant consent, permission or other authorisation before the end of the period of 21 days beginning with the day they notify the Scottish Ministers, unless the Scottish Ministers notify them that they may do so.
- (4) The Scottish Ministers may give directions to the planning authority prohibiting them from granting consent, permission or other authorisation to a development, either indefinitely or during such period as may be specified in the direction.
- (5) The power of the Scottish Ministers under subsection (4) is without prejudice to any other power they may have in relation to the decision in question.
- (6) A planning authority must comply with any direction given to them under subsection (4).

263D Compensatory measures for Ramsar sites

Where, in accordance with section 263C (assessment of implications for Ramsar site: consideration of overriding public interest)—

- (a) consent, permission or other authorisation is granted for a development, notwithstanding a negative assessment of the implications for a Ramsar site, or
- (b) a decision to grant consent, permission or other authorisation is confirmed on review, notwithstanding such an assessment,

the Scottish Ministers must secure the taking of any compensatory measures necessary to ensure that the overall coherence of Ramsar sites is protected.”.>

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

<http://www.parliament.scot/parliamentarybusiness/Bills/12419.aspx>

Final Proposal for Member's Bills

Gil Paterson: Proposed Post-Mortem Examinations (Defence Time-Limit) (Scotland) Bill — A proposal for a Bill to make the right of the defence solicitor for a person accused of homicide to instruct a post-mortem examination of the alleged victim subject to an extendable time-limit in order to minimise delays and uncertainty for victims' families. (lodged 16 May 2019)

The proposal was accompanied by a summary of consultation responses, which is accessible online via the website page referred to above. The summary, and individual responses, may also be viewed in the Scottish Parliament Information Centre (SPICe).

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
