Members' Business motions that have not achieved cross party support

***[S5M-17805](#) John Mason: The Need for a Product Recall Database**—That the Parliament notes that the UK Government has served Whirlpool, which manufactures domestic appliances, with a notice to recall faulty tumble dryers; understands that this comes four years after the company issued a safety warning regarding some of its Creda, Hotpoint and Indesit devices; believes that research by the consumer charity, Electrical Safety First, suggests that only 10 to 20% of recalled products are actually returned or repaired, largely due to consumers being unaware of the recalls, and notes calls for the creation of a centrally-managed product recall database, which could allow consumers in Shettleston and across the country to check that their appliances are safe.

The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
