followed by Members' Business — S5M-17353 Mark Ruskell: Expanding Scotland's Railways

S5M-17353 Mark Ruskell: Expanding Scotland's Railways—That the Parliament recognises what it sees as the key role that the expansion and improvement of railway infrastructure will play in the decarbonisation of Scotland's transport sector and addressing the climate emergency;

considers the Local Rail Development Fund to have been a success and congratulates the nine projects that were awarded funding from the first round of applications, including StARLink in St Andrews and the Newburgh Train Station Group; believes that new railway lines and reopened stations will help to increase passenger numbers, connect rural communities and reduce emissions; understands that a number of groups submitted applications for viable and credible projects, which were unsuccessful in receiving funding; notes the calls for these groups to re-apply to the second round; understands that the Donovan review of train performance highlighted issues, including punctuality on the Milngavie-Westerton line, which are in need of further Scottish Government investment; notes the belief that an expanded rail network is a priority for Scotland, and sends its best wishes to the groups that are applying to the second round of the Local Rail Development Fund.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

<http://www.parliament.scot/parliamentarybusiness/Bills/12419.aspx>

New or Reprinted Draft Proposal

Margaret Mitchell: Proposed Mediation (Scotland) Bill—Proposal for a Bill to increase the use and consistency of mediation services for certain civil cases by establishing a new process of court-initiated mediation that includes an initial mandatory process involving a statutory duty mediator (lodged 28 May 2019).

A consultation document, lodged with the proposal, may be viewed in the Scottish Parliament Information Centre (SPICe) or on the website page referred to above. The consultation period runs from 29 May 2019 to 20 August 2019

Liam Kerr: Proposed Whole Life Custody (Scotland) Bill—Proposal for a Bill to give Scottish courts the power to sentence the worst criminals to custody for the rest of their lives. (lodged 28 May 2019)

A consultation document, lodged with the proposal, may be viewed in the Scottish Parliament Information Centre (SPICe) or on the website page referred to above. The consultation period runs from 29 May 2019 to 30 August 2019.

Final Proposal for Member's Bills

Gil Paterson: Proposed Post-Mortem Examinations (Defence Time-Limit) (Scotland) Bill — A proposal for a Bill to make the right of the defence solicitor for a person accused of homicide to instruct a post-mortem examination of the alleged victim subject to an extendable time-limit in order to minimise delays and uncertainty for victims' families. (lodged 16 May 2019)

The proposal was accompanied by a summary of consultation responses, which is accessible online via the website page referred to above. The summary, and individual responses, may also be viewed in the Scottish Parliament Information Centre (SPICe).

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
