***S5M-17459 Jenny Gilruth: Pitteuchar East STEM Pupils Visit House of Lords**—That the Parliament congratulates six pupils from Pitteuchar East Primary School and their teacher, Lorna Hay, on showcasing their work in STEM at the launch of the Institution of Primary Engineers and the Institution of Secondary Engineers at the House of Lords; notes that Lord Robert Mair and senior personnel from 150 engineering firms and organisations from across the UK were in attendance; understands that the pupils and their teacher have strived to increase the visibility of engineering in their school over the last three years, and that the framework of the Institution of Primary Engineers has enabled them to engage the learners in a wide range of STEM learning experiences; acknowledges that the school has also developed its own engineering cycle based on the engineering design process, which learners refer to during STEM projects, mirroring real engineers; notes that the two institutions have been designed to help pupils and teachers structure skills, both personal and those closely related to engineering and the wider STEM curriculum, continuously throughout a pupil's educational journey, and wishes Lorna and her pupils continued success with their STEM studies.

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
