followed by Members' Business — S5M-19581 Ross Greer: Save Loch Lomond

[S5M-19581](#) **Ross Greer: Save Loch Lomond**—That the Parliament welcomes the recent withdrawal of a planning application by Flamingo Land and Scottish Enterprise for a large tourist development on the shores of Loch Lomond at Balloch; understands that this application had a Scottish record of over 57,000 objections, had been opposed by West Dunbartonshire Council, the Woodland Trust, Ramblers Scotland and many other organisations, and had been recommended

for refusal by Loch Lomond and The Trossachs National Park planning officers; congratulates the community's Save Loch Lomond campaign on its success; considers that, while it understands that the developers are considering resubmitting an application and have an exclusivity agreement until December 2020, there is a clear appetite locally for a community buyout and to explore alternative visions for the area, and further considers that the future of the site would be best determined by the local community.

Motions for Debate

***[S5M-19717](#) Liz Smith: Curriculum for Excellence**—That the Parliament is committed to the principles of excellence and equity to underpin policy approaches to education and to improve the delivery of the curriculum for excellence (CFE), but notes with growing concern the recent analysis of CFE, including the recent publication from Professor Jim Scott, which draws the conclusion that the attainment gap is widening and highlights that there are failures in the delivery of CFE; notes in particular that these failures are imposing proportionately greater barriers to success among the pupil cohort who come from disadvantaged backgrounds, and calls on the Scottish Government to urgently address these concerns.

***[S5M-19715](#) Jamie Greene: The Resilience of Scotland's Ferry Network**—That the Parliament notes its growing concern with the resilience of Scotland's ferry network; highlights that over 82,000 delays and cancellations have occurred since 2007; believes that the combination of an ageing fleet of vessels, mechanical breakdowns and the late arrival of new operational vessels for the network have resulted in avoidable disruption to services to the detriment of Scotland's island communities, their inhabitants, business and tourism; expresses disappointment at the absence of a long-term strategy to procure or build replacement vessels, and calls on the Scottish Government to urgently outline how it will address the Parliament's concerns.

***[S5M-19701](#) Ben Macpherson: UEFA European Championship (Scotland) Bill**—That the Parliament agrees to the general principles of the UEFA European Championship (Scotland) Bill.

***S5M-19705 John Mason: CBD Oil and Consumer Protection**—That the Parliament notes with some concern a recent Which? article on cannabidiol, "CBD: snake oil or miracle cure", which suggests that consumers are not being provided with reliable and accurate product information when purchasing CBD oil; considers that CBD oil has become one of the largest health crazes, with a market value of £300 million per year due to its believed wide-ranging health benefits; further considers that these apparent health benefits are not scientifically proven, however, nevertheless play on the mind of consumers; understands that, as a food supplement, CBD oil is subject to less stringent food standards regulations than the tougher clinical trials for licensed medicinal products; believes from the Which? article that a 30ml bottle of CBD oil can cost as much as £80 and yet, it believes, with no agreed standards of testing and the unreliability and inaccuracy of labelling, consumers may be paying for a product that does not contain the level of CBD claimed, and further believes that legislation is required to create agreed standards and a common testing methodology in order to protect consumers.

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
