***[S5M-20704](#) Graeme Dey: Non-Domestic Rates (Scotland) Bill**—That the Parliament agrees that, during stage 3 of the Non-Domestic Rates (Scotland) Bill, debate on groups of amendments shall, subject to Rule 9.8.4A, be brought to a conclusion by the time limit indicated, those time limits being calculated from when the stage begins and excluding any periods when other business is under consideration or when a meeting of the Parliament is suspended (other than a suspension following the first division in the stage being called) or otherwise not in progress:

Groups 1 to 3: 30 minutes

Groups 4 to 6: 1 hour 15 minutes

Group 7: 2 hours

Groups 8 to 10: 2 hours 45 minutes

Groups 11 to 15: 4 hours.

***[S5M-20703](#) John Finnie: UNISON Scotland Support Independence Referendum**—That the Parliament welcomes the decision by the country's largest trade union, UNISON Scotland, which has around 150,000 members, to back a future independence referendum, at a time to be determined by the Scottish Parliament; notes the comments by UNISON Scotland's Convener, Lilian Macer, that it aims to take this decision to the wider trade union movement and that, together with the Jimmy Reid Foundation, it plans to promote debate on this at the 2020 STUC Congress in April, and believes that trade union members will play a vital role in the campaign to secure Scotland's independence.

***[S5M-20702](#) Neil Findlay: Johnson & Johnson Fined \$344 Million in Mesh Scandal Case**—That the Parliament notes that a court in California has ordered Johnson & Johnson to pay nearly \$344 million in penalties for deceptively marketing pelvic mesh devices; understands that the state attorney general accused the company of putting “profits ahead of the health of millions of women”; believes that these are the same transvaginal mesh products that were sold to NHS boards and trusts across the UK and implanted into women, causing many to experience life changing and debilitating injury; understands that Johnson & Johnson sold more than 780,000 devices in the US between 2008 and 2014, including more than 42,000 in California; calls on Scotland's NHS boards to declare how many mesh devices they purchased, and questions why the Scottish Government and/or NHS Lothian are not taking similar action to California.

***[S5M-20701](#) Neil Findlay: New General Secretary of the STUC**—That the Parliament congratulates Roz Foyer on her appointment to the post of General Secretary of the STUC; notes that Roz has spent her adult life campaigning and organising workers in key sectors as an official with UNITE the Union; understands that she is the first woman to hold the position of STUC General Secretary, and considers that her skills, knowledge, drive and determination will be a great asset to the trade union movement in Scotland. **R**

Ardrossan Harbour Taskforce, which was formed to improve the operation of the harbour and consider any infrastructure work required for the entry into service of the new ferry earmarked for the Ardrossan-Brodick route; notes that, while the taskforce meets only twice a year, numerous discussions have been held involving stakeholders, such as Transport Scotland, Peel Ports, CalMac, CMAL, North Ayrshire Council and the Isle of Arran Ferry Committee; was heartened when the Taskforce committed to a multi-million pound investment to upgrade Ardrossan Harbour, accommodate the new ferry and improve weather resilience on the route by reducing the number of sailings cancelled; expresses deep frustration however at what it sees as the inordinate amount of time taken to agree a design and funding and for work to begin at the harbour, which it believes is leading the people of both Arran and Ardrossan to wonder if, let alone when, this will happen, and therefore urges all partners in the Taskforce to urgently conclude their deliberations and announce the date when work to redevelop Ardrossan Harbour will start on site.

***S5M-20699 Clare Adamson: Wishaw Student Recognised for Academic Achievement**—That the Parliament congratulates Dylan Duff, who has been awarded the Principal's Prize for outstanding Academic Achievement from the City of Glasgow College; recognises that Dylan, from Wishaw, received the award in recognition of his achievements throughout the year, while studying for an HNC in Social Services, and his role as Student Association President; notes that Dylan was one of more than 3,300 students who attended the college's annual winter graduation ceremony, and wishes him well with his future studies.

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
