which has seen an increase in people needing support as a result of the COVID-19 outbreak; understands that the club has raised over £1,100; acknowledges that this includes the sizeable donation of £400 from Dyce Boys Club, which made club snoods; commends the team for taking these steps to help people in the community, and celebrates everyone participating in this fundraising effort.

***S5M-21984 John Mason: Vast UK Debt, Taxation Preferred to Austerity—**That the Parliament notes the Office of Budget Responsibility's projection that UK national debt could reach £2 trillion in June 2020, which would push it beyond 100% of national income for the first time since the Second World War; agrees with the Chief Economic Advisor at EY that "we cannot just deal with this with more austerity"; recognises that increased taxation is one avenue through which governments can raise funds and not shrink the state and services, and believes that, while the considerable expenditure during the COVID-19 pandemic has been critical to limiting the long-term economic impact of the virus, rising UK national debt must be tackled without reducing public expenditure or saddling future generations with that debt.

***S5M-21983 John Mason: World Day Against Child Labour—**That the Parliament acknowledges that 12 June 2020 is World Day Against Child Labour; understands that there are around 152 million 5- to 17-year-olds who are subject to such exploitation, with almost half, 73 million, being in what the UN describes as 'hazardous child labour'; notes that, this year, there will be a focus on the impacts of COVID-19, which is expected to push more children into labour; recognises the vast impact that this has on children's health, social development and education; believes that this has a detrimental impact on their ability to reach their potential in life, and promotes the protection of children from exploitative labour in all of its international engagements.

***S5M-21981 Alison Johnstone: #HealthyRecovery from COVID-19 Crisis—**That the Parliament notes that on 26 May 2020 over 350 organisations representing over 40 million health professionals, as well as over 4,500 individual health professionals from 90 different countries, wrote to the G20 leaders calling for a #HealthyRecovery from the COVID-19 crisis; considers that the public health impact of the COVID-19 outbreak has been exacerbated by inequality and under-investment in public health systems; further considers that these effects could have been mitigated by adequate investments in pandemic preparedness, public health and environmental stewardship; notes the letter's call that people learn from these mistakes and build healthier, more resilient societies; notes the demand that leaders commit to tackling air pollution and climate change, which it considers, if left unaddressed, will have a catastrophic impact on public health; agrees with the call for chief medical officers and chief scientific advisers to be directly involved in the production of all economic stimulus packages and report on the short- and long-term public health repercussions that these may have, and calls on the Scottish Government to embed efforts to improve public health and tackle climate change in any economic recovery package.

***S5M-21977 Edward Mountain: Open Garden Event**—That the Parliament congratulates the Avoch and Killen Community Council on its new digital open gardens event; is disappointed to note that the open gardens event planned for the 25 July 2020, which was raising money for its community projects fund and NHS Charities Together, has had to be postponed until 2021 due to lockdown restrictions; understands that residents of Avoch and Killen have been asked to submit pictures and short videos of their gardens/favourite plants or trees, which will be made into a virtual tour of Avoch and Killen Gardens 2020, which will be available online in July, and wishes everyone involved every success.

***S5M-21975 Neil Findlay: British Airways**—That the Parliament condemns what it sees as British Airways' (BA) threat to terminate the jobs of 42,000 workers, according to claims by the Unite union; is shocked that the company is also reported to be planning to make 12,000 workers permanently redundant and intends to rehire the rest on inferior pay, terms and conditions, with pay cuts of up to 70%; recognises that the airline industry faces short-term challenges that will require solutions; considers that, on the basis of these reports, BA is cynically using the COVID-19 crisis as a means to implement severe cuts; further considers it galling the decision by the airline to access funding from the furlough scheme, as well as a government-backed loan of £300 million, while, it understands, paying on average £446 million per year over the last five years in dividends to its shareholders; believes that BA is acting disgracefully, given it is a highly-profitable company, and calls on BA to withdraw the Section 188 notice and any threat of dismissal, and to negotiate in good faith with Unite and other unions, and to agree for any proposed changes to pay, terms and conditions to be temporary and to be returned to existing levels in line with increased revenues.

***[S5M-21973](#) Alison Johnstone: Celebrating Bike Week and the Positive Impact of Cycling—**

That the Parliament notes that 6 to 14 June 2020 is Bike Week; recognises that this event is an annual celebration to showcase cycling and is co-ordinated by Cycling UK and in Scotland by Cycling Scotland; notes that, with the COVID-19 restrictions this year, Bike Week will include virtual events and will encourage people to enjoy cycling every day during the week; recognises that cycling is a physical activity that can improve physical and mental health and air quality; notes that, since the beginning of the COVID-19 restrictions, bike sales are booming and levels of cycling have increased significantly in Scotland in response to quieter roads and people cycling for their daily exercise, and recognises what it sees is the urgent need to provide safe cycling infrastructure across Scotland to support and encourage this trend and to secure the economic, environmental and health gains as a result of increased levels of cycling.
