**\*S5M-22110 John Mason: World Refugee Day**—That the Parliament acknowledges that 20 June 2020 is World Refugee Day; understands that, every minute, 20 people leave their lives and belongings behind to escape war, persecution or terror; recognises refugees as being among the most vulnerable people on the planet; further recognises that the 1951 Refugee Convention and its 1967 Protocol Relating to the Status of Refugees help protect them; considers what it regards as disgraceful recent events in Glasgow caused by a very small minority; stands resolutely with refugees and welcomes asylum seekers to Scotland, and believes that all asylum seekers and refugees must be treated with dignity and that their human rights must be respected.

**\*S5M-22109 Alison Johnstone: Edinburgh Home Grown**—That the Parliament recognises that Home Grown is a project to support people in Edinburgh to grow vegetables at home during lockdown; appreciates that the project is being delivered by Edible Estates, in partnership with community organisations and volunteers from across the city; welcomes that residents can apply for a Home Grown starter pack, containing seeds, compost and pots; understands that residents will receive help and advice on how to grow their vegetables via the Home Grown Facebook Group for their local area; expresses thanks to the staff and volunteers of Edible Estates, the Community Alliance Trust, Space & the Broomhouse Hub, and wishes the project all the best for the future.

**\*S5M-22108 Neil Findlay: Mesh**—That the Parliament condemns what it considers the failure of the Scottish Government to take up the generous offer made by the renowned US mesh removal surgeon, Dr Dionysios Veronikis, to come to Scotland to carry out full mesh removal procedures on women; believes that this offer was made over a year ago and that, despite assurances from the First Minister that the Scottish Government was committed to bringing Dr Veronikis to Scotland, prevarication, delay and the failure to expedite this lies wholly with the Scottish Government and officials, some of whom it considers may have a vested interest in not enabling him to come to Scotland and have completely failed to deliver on that commitment; considers that this will be a devastating blow to many women who were given hope of an improved quality of life by the prospect of having mesh removed by Dr Veronikis; understands that many Scottish mesh survivors have been told that they have had a full mesh removal only to later find out that this is not the case and that many centimetres remain in their body; believes that this is the latest in a long line of failures in the handling of the mesh crisis, and further believes that the Scottish Government should provide funding, through the NHS, for these women to have procedures undertaken outside of Scotland, including by Dr Veronikis.

**\*[S5M-22102](#) Neil Findlay: Social and Economic Conditions in Scotland's Former Coalfields**—That the Parliament notes with concern the social and economic conditions in Scotland's former mining communities, which it understands are being exacerbated by the COVID-19 crisis; understands that a study carried out by the Social Value Lab consultancy firm and commissioned by the Coalfields Regeneration Trust found that 31% of former coalfield communities are now in the most deprived 20% of Scottish communities, and that in these communities there were only 287 jobs per 1,000 people, compared with 467 per 1,000 in Scotland as a whole, and that there is an increasing dependence on income-related benefits with higher rates of 16- to 19-year-olds not in education, employment or training; further understands that the report on Scottish coalfields in 2020 showed “significant and concentrated deprivation”, and believes that action must be taken to address the economic and social problems in these areas.

## Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

<https://www.parliament.scot/parliamentarybusiness/Bills/12419.aspx>

(lodged 18 June 2020)

The proposal was accompanied by a summary of consultation responses, which is accessible online via the website page referred to above. The summary, and individual responses, may also be viewed in the Scottish Parliament Information Centre (SPICe).

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
