## Motions

Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

### Motions and amendments can be published with symbols:

- \* before the number indicates publication for the first time
- \*...\* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

### Other new and altered motions and amendments

**\*S5M-21353 Christine Grahame: Well Done Borders Buses**—That the Parliament recognises what it sees as the excellent work of Borders Buses during the COVID-19 outbreak, which includes operating a demand response service, where passengers book journeys, and special journeys for NHS staff; notes that Borders Buses has now made all journeys free for NHS staff who simply need to show their ID badge to qualify; understands that staff at the company have been revising routes and services daily to try to meet demand in a safe and responsible manner; thanks staff for all their efforts in keeping this critical service running in very difficult circumstances, and encourages other bus companies to consider adopting similar measures.

Supported by: Stewart Stevenson\*, Richard Lyle\*, Stuart McMillan\*, Kenneth Gibson\*, Sandra White\*

**\*S5M-21352 Kenneth Gibson: Lamlash Bay No Take Zone Success**—That the Parliament recognises Lamlash Bay No Take Zone (NTZ) as paving the way for the revival of marine environments, including the seabed; notes that a NTZ is an area of sea and seabed from which no marine life can be removed by any method; understands that, as the world's oceans are under unprecedented pressure, with serious losses in biodiversity alongside the damaging effects of climate change, scientific evidence has shown that NTZs are one of the most effective ways to ensure marine regeneration; understands that, for over a decade, the Community of Arran Seabed Trust (COAST) has worked in collaboration with the University of York to monitor and survey the species and seabed habitats within Lamlash Bay NTZ and South Arran Marine Protected Area, and that a new collaborative study shows that marine life has regenerated dramatically, with numbers of some species having increased by nearly 400% since the community-backed NTZ was established in 2008; acknowledges that the study revealed nearly four times more king scallops in the NTZ since research began in 2010 and that legal-sized lobster numbers are also four times higher in the NTZ than adjacent areas; believes Lamlash Bay NTZ has shown that, with community support, strong science and political will, seas can be recovered, and believes that the Scottish Government should encourage and take forward the creation of more NTZs as part of its marine management plans.

**\*[S5M-21351](#) Mark McDonald: Coming Together To Help People In Need In Aberdeen**—That the Parliament welcomes the collaborative efforts of Aberdeen Cyrenians, CFINE, Social Bite and Aberdeen Foyer to help people in need; celebrates their working together during this time of crisis; applauds their setting-up of a home delivery service to bring food, toiletries, baby items and clothing to community members in need; notes that their collective aim is to tackle hunger, hygiene and fuel poverty during these uncertain times, and thanks each organisation for their continued commitment to helping those in need throughout the city.

## New Subordinate Legislation

### New Subordinate Legislation

#### Affirmative Instruments

The following instrument was laid on 27 March 2020 and is subject to the affirmative procedure—

Health Protection (Coronavirus) (Restrictions) (Scotland) Regulations 2020 (SSI 2020/103)  
Laid under paragraph 6(3) of schedule 19 of the Coronavirus Act 2020

### Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
