***[S5M-24129](#) Lewis Macdonald: World's First Hydrogen Double-decker Bus Launched into service in Aberdeen**—That the Parliament welcomes the launch into service of the world's first hydrogen-powered double-decker bus in Aberdeen; understands that this is the first of a fleet of 15 double-decker hydrogen buses built in Northern Ireland which will be operated by First Aberdeen on its number 19 route between Tillydrone and Peterculter as part of an £8.3 million project funded by Aberdeen City Council, the Scottish Government and the European Union's JIVE project, which aims to aid commercialisation of hydrogen buses through joint procurement between cities; recognises that the introduction of hydrogen-powered double-decker buses is only the latest in a series of what it considers ground-breaking hydrogen projects in the city, which have featured, to date, council-owned single-decker buses, council service vehicles and a £19 million hydrogen refuelling station at Kittybrewster, all of which are part of Aberdeen's commitment to the Net Zero Vision and energy transition; considers that this latest project, led by Aberdeen City Council, is evaluating both the economic and environmental benefits of hydrogen transport, while driving the development of hydrogen technologies, and looks forward to future investment in transformative hydrogen power projects in Aberdeen and across Scotland.

***[S5M-24128](#) Christine Grahame: Broughton Village Store, Supporting Communities**—That the Parliament congratulates Broughton Village Store, owned by the community benefit society, Upper Tweed Community Enterprise Ltd, recognising its valuable work, particularly during the COVID-19 pandemic; understands that the store has now launched a number of community welfare initiatives, including in mid-January a scheme providing a free lunch to any child requesting it regardless of circumstances, which is now providing approximately 15 to 20 lunches per day and an account card top-up initiative, whereby families facing hardship have weekly use of a shop account card pre-loaded with £20; notes that the shop hopes to develop and improve further when COVID-19 restrictions are lifted; considers that, given that 12 months of the 18 months trading so far have been during the pandemic, none of this would be possible without the team of hardworking staff and volunteers as well as the support of the local community with generous donations made to the shop, and gives thanks to all involved at Broughton Village Store for their efforts.

***[S5M-24127](#) Gordon MacDonald: Heriot-Watt University Celebrates Bicentenary**—That the Parliament notes that Heriot-Watt University will this year celebrate the 200th anniversary of its founding roots in 1821, which created the world's first mechanics' institute in the heart of Edinburgh; commends Heriot-Watt University for its substantial contribution to Scotland and the world through pioneering research in fields as diverse as robotics and autonomous systems, earth and marine sciences, medical technology, and decarbonisation; recognises that Heriot-Watt will be looking to the future with a renewed focus on helping society tackle current and future challenges sustainably and on delivering real-world impact in the fields of business, STEM and design; acknowledges that the university will recognise the enduring legacy of Scotland's father of modern economics, Adam Smith, by establishing the inaugural Panmure House Prize for the best research proposal in long-term investment to fund radical innovation; understands that alumni, students, staff and stakeholders are invited to celebrate Heriot-Watt's remarkable record of innovation at its global network of campuses in Scotland, Malaysia and Dubai through a series of virtual events and debates, and wishes all students and staff at the university every success in their future endeavours.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills / Session 5 Proposals

<https://www.parliament.scot/parliamentarybusiness/Bills/12419.aspx>

Final Proposal for a Member's Bill

Elaine Smith: Proposed Right to Food (Scotland) Bill—Proposal for a Bill to incorporate the human right to food into Scots law (lodged 11 February 2021)

The proposal was accompanied by a summary of consultation responses, which is accessible online via the website page referred to above. The summary and individual responses may also be viewed in the Scottish Parliament Information Centre (SPICe).

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
