university's Shared Planet Society, began by collecting food from supermarkets that could not be sold because of mislabelling or over supply, as part of the FareShare scheme at selected local stores; further notes that, prior to the pandemic, the Foodsharing Service operated in the student union building and students could visit to collect what they needed, with the main focus on reducing food sent to landfill; highlights that, when restrictions came into force, the group recognised that it could help fulfil a wider need within the local community, helping vulnerable people or those shielding due to the pandemic; acknowledges that, between March and December 2020, the group distributed hundreds of food packages and prevented around 15,000kg of food going to landfill; understands that the service is continuing to operate with volunteers who have remained in Aberdeen, and applauds the dedication of all involved, who plan to get it back up and running at full capacity once students are able to return.

***S5M-23940 Jeremy Balfour: CHAI to Develop Volunteering Project**—That the Parliament congratulates all at the Community Help and Advice Initiative (CHAI), which delivers a range of advice, support and employability services aimed at maximising household income, preventing homelessness, reducing poverty and improving employability across Edinburgh and Midlothian; notes that it has received £10,000 from the National Lottery Community Fund - Awards for All programme towards developing a volunteering project; understands that the funding will allow CHAI to appoint a volunteer coordinator to recruit volunteers among vulnerable and disadvantaged people in the community, who will receive training in providing advice and support; acknowledges that the project will help CHAI support and strengthen the communities that it serves and address the demand for its advice services by increasing its capacity to support disadvantaged groups; welcomes CHAI's plan to encourage community members to come together and get involved with its services; believes that it will offer volunteers the opportunity to use their skills and experience to support and empower their communities, and wishes all involved with CHAI continued success.

***S5M-23939 Mark McDonald: Drone Distribution Project Takes Off at Aberdeen International Airport**—That the Parliament congratulates Aberdeen International Airport as it leads a trial of what it believes is the UK's first national distribution network to use drones; understands that the drones will transport essential medicines, blood, organs and other medical supplies across Scotland, particularly rural areas; applauds the initiative; believes that it will have the ability to speed-up the delivery of critical medical supplies, reduce waiting times and help provide equity of care between urban and remote rural communities; notes that a digital blueprint of the network is to be created; understands that this will have the potential to connect hospitals, pathology laboratories, distribution centres and GP surgeries nationwide; acknowledges the challenging work that will be required to develop the ground infrastructure to recharge the drones and the systems to control them and to design pathways to ensure that they can safely share airspace with other aviation; recognises the £1.5 million towards the project that has been awarded by the UK Industrial Strategy Future Flight Challenge Fund, and welcomes what it sees as the environmental benefits that drones can play in reducing the carbon emissions generated by Scotland's road-based distribution networks.

***S5M-23934 John Mason: Concern for the Kestrel Population**—That the Parliament notes with concern what it sees as the drastic fall in kestrel numbers across Scotland, with the current population estimated to be 7,765 pairs; understands that a recent NatureScot report suggests that there has been a fall of over 80% in the last 25 years, with a year-on-year decline of 59% between 2018 and 2019; believes that the reasons for the decline are not well understood but that contributing factors are likely to be the collapsing vole population, which kestrels prey on, and a loss of habitat, and supports further studies followed by any necessary action required to secure a healthy future for one of Scotland's most recognisable birds.

Supported by: Iain Gray*, Alex Rowley*, Stuart McMillan*, Mark McDonald*, Bill Kidd*, Bob Doris*

***S5M-23933 Neil Findlay: Struck Off**—That the Parliament notes reports that the Association for Scottish Public Affairs (ASPA) has withdrawn the lobbying company, Charlotte Street Partners, from its membership for breaking its code of conduct by employing a current and active politician, the Conservative Peer, Lord Duncan of Springbank, the Deputy Speaker of the House of Lords, as a paid consultant; believes that Charlotte Street Partners should adhere to the wider internal Public Relations and Communications Association (PRCA) code of conduct for lobbying firms and, for the purposes of openness and transparency, register all its clients on the PRCA register; further believes that this conduct by Charlotte Street Partners is inconsistent with the Scottish Parliament's founding principles and the spirit of recent Scottish Parliament legislation introducing a Lobbying Register in order to enhance practices of the Scottish Parliament in relation to these founding principles, and, given what it sees as the close links and revolving door that exists between the Scottish Government and senior Charlotte Street figures, calls on the Scottish Government to ensure that no Minister, civil servant or special adviser meets with representatives

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.
