Government Initiated Questions are initiated by the Scottish Government in order to facilitate the provision of information to the Parliament.

Government initiated questions lodged on 26 February 2021

[S5W-35577](#) Emma Harper: To ask the Scottish Government whether it will outline the approach that it will take to the roll-out of the COVID-19 vaccine once the Joint Committee on Vaccination and Immunisation groups 1 to 9 have been completed.

[S5W-35588](#) Rona Mackay: To ask the Scottish Government what action it will take in light of the WHO Expert Advisory Group's publication of a review of the Global Code of Practice in May 2020.

Written questions lodged on 26 February 2021

[S5W-35384](#) Mark Ruskell: To ask the Scottish Government, further to the answer to question S5W-30448 by Mairi Gougeon on 15 July 2020, whether Cooke Aquaculture Scotland salmon farms use stronger, more rigid nets to enclose its stock than the Scottish Salmon Company farms and, if such nets are in use, what its position is on whether there are "satisfactory alternatives" to the use of acoustic deterrent devices.

[S5W-35391](#) Mark Ruskell: To ask the Scottish Government, in recognition of public concerns including the 30,000 signature petition against the use of acoustic deterrent devices, the lack of opportunity for public scrutiny of European Protected Species (EPS) licence applications and Marine Scotland's scientific methodology, whether it believes that any farm could pass all three EPS licencing tests and whether it will agree to conduct an open and transparent consultation, overseen by a stakeholder committee including scientific, conservation and tourism interests before any EPS licences are granted.

[S5W-35392](#) Mark Ruskell: To ask the Scottish Government what its position is on whether increased cost or inconvenience could be considered a valid reason to claim that an alternative to the use of acoustic deterrent devices is not a "satisfactory alternative"; whether the separation distance between the nets on a double skinned anti-predator net can be increased where there are concerns about seals stressing farmed fish, and whether nets are available in mesh size and type which pose no more risk to mammals and birds than traditional nets.

[S5W-35393](#) Mark Ruskell: To ask the Scottish Government what its position is on whether double skinned anti-predator nets, as called for by the Scottish Parliament's Environment, Climate Change and Land Reform and Rural Economy and Connectivity committees, and/or single nets of stronger, more rigid materials than traditional single nets represent "satisfactory alternatives" to acoustic deterrent devices.

[S5W-35437](#) Jackie Baillie: To ask the Scottish Government, further to the answer to question S5W-34776 by John Swinney on 4 February 2021, in light of a recent response by it to a freedom of information request on this matter, which stated that £54,378 was spent on "external assistance" for officials, whether it will provide a breakdown of this expenditure; how many members of its staff received this assistance, broken down by grade, and which company provided it.

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
