- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

Members' Business motions that have achieved cross party support

***[S6M-02310](#) John Mason: Councillors' Low Pay**—That the Parliament notes with concern that pay for local councillors remains, it considers, low at £18,604; considers that the vast majority of councillors are extremely hard working, both for the residents of their wards and for their wider local authority areas; understands that this pay level means that some potentially excellent local government candidates from all parties are reportedly being excluded from standing; further understands that the recent conference of the Scottish National Party overwhelmingly passed a resolution calling on the Scottish Government and COSLA to work together “to ensure that the pay and conditions for councillors will significantly improve”, and notes the view that the local councillors in the Glasgow Shettleston constituency, and across Scotland, deserve more recognition than they have been receiving.

Members' Business motions that have not achieved cross party support

***[S6M-02336](#) James Dornan: Systematic Discrimination as Key Barrier to Palestinian Health and Healthcare**—That the Parliament highlights the recent position paper produced by Medical Aid for Palestinians (MAP), which it considers to be a humanitarian, non-partisan organisation; notes that the paper states that policies and practices of systematic discrimination and fragmentation by Israel present a fundamental challenge to Palestinians’ rights to health and dignity, and inhibit the delivery and development of Palestinian healthcare; further notes the view in the paper that this situation has resulted in severe health inequalities between Palestinians and Israelis, which have continued to grow in the context of the COVID-19 pandemic; understands that the average life expectancy for Palestinians in the occupied Palestinian territory (oPt) is almost nine years lower than it is for Israelis; further understands that the rate of COVID-19 vaccination in the oPt is less than half of what it is in Israel; acknowledges MAP’s recommendations for concrete actions that the international community, including the UK, could take to address what it sees as this dire situation through their foreign and aid policies, and notes calls, including from people in the Glasgow Cathcart constituency, for the international community to ensure that Palestinian voices are heard in policymaking discussions.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 6 Proposals:

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
