### Members' Business motions that have not achieved cross party support

**\*[S6M-02278](#) Richard Leonard: Role of Rail in Achieving Climate Change Targets**—That the Parliament commends what it considers the essential role played by Serco Caledonian Sleeper workers throughout the COVID-19 pandemic; notes what it sees as the vital role that rail has to play in delivering a modal shift from high- to low-carbon transport, including in Central Scotland, and meeting Scotland's climate change targets; understands that, since March 2020, Serco Caledonian Sleeper has been operating under an emergency measures agreement, through which the Scottish Government takes on all cost and revenue risk, and the operator is permitted to receive payment of fees; further understands that members of the National Union of Rail, Maritime and Transport Workers (RMT) employed by Serco Caledonian Sleeper have taken industrial action across several months during 2021 in a dispute over pay; believes that the RMT has concerns relating to health and safety matters and reported bullying and harassment of staff at Serco Caledonian Sleeper, and notes the calls on the Scottish Government to meet with representatives of the RMT and Serco Caledonian Sleeper, and use what it sees as its leverage to ensure there is a resolution to the pay dispute, health and safety concerns, and what it considers mistreatment of staff, in order that the service can continue to play its full part in helping to achieve Scotland's climate change targets. R

**\*[S6M-02237](#) Christine Grahame: Homecoming for Mary Queen of Scots**—That the Parliament notes calls for the return of the remains of Mary Queen of Scots to the country of her birth; considers that Mary was an iconic historical figure in Scotland; believes that the return of her remains would help educate many people, from the north of Scotland to the south of England, about her significance and about this period in Scotland's history; understands that Falkland Palace, in which, many contemporary chroniclers believed, the Scots Queen spent her happiest days, was a place of sanctuary for Mary, and notes the view that this Fife palace would be a possible location, where her remains could be interred.

### Other new and altered motions and amendments

Elimination of Violence Against Women and Girls on 25 November and the 16 days of activism that follow, which focuses attention on the ongoing need for action; notes with concern reports that conditions created during the pandemic, including lockdowns and social isolation, are understood to have led to an alarming increase in male violence against women and girls; notes that gender-based violence encompasses acts that are likely to result in physical, sexual and mental harm, and considers that there are gaps in legislation to deal effectively with spiking, revenge porn, and other forms of misogynistic online abuse and bullying, incidents of which are all reportedly continuing to increase; further considers that, while the justice system should look at ways to use current laws and to create new laws to meet the challenges of these new types of abuse, gender-based violence is endemic in a society where sexism, misogyny and rape culture are often normalised; acknowledges the view that socio-economic factors can hinder women's access to the justice system, sometimes resulting in under reporting of crime and stigma of speaking up, and believes that true gender equality is the only way to eliminate violence against women and girls.

**\*[S6M-02285](#) Emma Roddick: Business Women Scotland Awards**—That the Parliament congratulates Sacha Woolham, director of The Strategy Collective, who was shortlisted for the Business Women Scotland Awards; acknowledges Sacha's hard work and dedication, by supporting micro and small businesses in Orkney; recognises the importance of encouraging female entrepreneurship; expresses thanks to Sacha Woolham for her continued dedication, and wishes her all the best for the future.

organisation's positive approach helps survivors to realise that, although their body image has been altered, their hopes and dreams are just as achievable as any other child's; supports the key role of safety awareness in the reduction of burn and scald injuries; understands that SBCC is solely funded by fundraising events, sponsorship and donations and is run and organised by a group of unpaid volunteers; expresses thanks to SBCC and their dedicated volunteers for their efforts in providing what it considers to be an important support mechanism, and wishes everyone involved with the organisation the very best in their endeavours.

## Members' Bills Proposals

### Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 6 Proposals:

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
