Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

### Motions and amendments can be published with symbols:

- \* before the number indicates publication for the first time
- \*...\* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

**\*S6M-03433 Katy Clark: West College Dispute**—That the Parliament notes with concern reports that West College Scotland has announced its intention to close on-site nurseries at Greenock and Paisley; understands that the college will also cut its catering provision across all campuses; further understands that parents and students held what it believes were successful demonstrations at the two campuses in February 2022, and that a petition to keep the Greenock nursery open has attracted over 700 signatures to date; believes that the closure of the nurseries will have a negative impact on children, students and the local communities; understands that no consultation of parents or students was carried out by West College Scotland's board of management prior to the approval of the closures; further understands that a proper collective consultation with staff was only carried out after trade unions UNISON and Unite entered formal dispute on 12 January 2022; believes that West College Scotland must carry out, and act on, a proper equality impact assessment, in line with its statutory duties, to assess any adverse impacts of the proposed closures and evaluate potential alternatives; considers that management should act on alternative proposals put forward by staff and trade union representatives; calls on the Scottish Government to intervene in the dispute to ensure that West College Scotland engages with these proposals and carries out a proper equality impact assessment in line with its statutory duties, and further calls on the Scottish Government to reverse what it sees as years of cuts to college funding, including what it understands is a projected further cut of £52 million announced in the recent Scottish Budget for 2022-23, in order to ensure that colleges across Scotland are properly and adequately resourced.

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
