- 3. Jamie Greene:** To ask the Scottish Government whether it will provide an update on the anticipated delivery date of the ferries under construction at Ferguson Marine, in light of recent reports that the number of faults in the two vessels has risen. ([S6T-00713](#))

**followed by Scottish Government Debate: Supporting Scotland's Islands on Their Journey to Become Carbon Neutral**

**[S6M-04428](#) Mairi Gougeon: Supporting Scotland's Islands on their Journey to Become Carbon Neutral**—That the Parliament welcomes the Scottish Government's announcement of the six islands that will be supported towards becoming fully carbon neutral by 2040; notes that the six islands are Hoy, Islay, Great Cumbrae, Raasay, Barra and Yell; recognises that these six islands will embrace the opportunity for island communities to lead the way in realising Scotland's climate change ambitions; notes that the project will benefit all Scottish islands, and not only those supported directly as part of the project, through knowledge exchange and good practices; welcomes this initiative, which puts Scotland's islands at the forefront of climate change policy while celebrating their unique culture and heritage, and acknowledges that the six carbon neutral islands will become international trailblazers and champions of carbon neutrality across the world.

The Presiding Officer has selected the following amendments

**[S6M-04428.1](#) Rachael Hamilton: Supporting Scotland's Islands on their Journey to Become Carbon Neutral**—As an amendment to motion S6M-04428 in the name of Mairi Gougeon (Supporting Scotland's Islands on their Journey to Become Carbon Neutral), insert at end " ; calls on the Scottish Government to provide support and funding so that the islands and islanders can progress towards being carbon neutral, and further calls on the Scottish Government to publish plans for these islands to achieve these goals."

**[S6M-04428.3](#) Rhoda Grant: Supporting Scotland's Islands on their Journey to Become Carbon Neutral**—As an amendment to motion S6M-04428.3 in the name of Mairi Gougeon (Supporting Scotland's Islands on their Journey to Become Carbon Neutral), insert at end " ; acknowledges that the outlined move to carbon neutrality for six islands is just five years before the net zero target for the whole of Scotland; is committed to all of Scotland's islands becoming carbon neutral and will ensure that those whose economy is more dependent on hydrocarbons will not be left behind; believes that the transition to net zero must be a jobs led, just transition, which is dependent on good quality, secure jobs in the renewables sector, and recognises the

opportunities presented by offshore wind and its supply chain, including future decommissioning, in creating and supporting a skilled renewables workforce and helping to ensure that adequate investment is made in retraining opportunities for oil and gas workers and in developing the infrastructure needed to ensure island communities can benefit from supply chain jobs.”

**[S6M-04428.2](#) Liam McArthur: Supporting Scotland’s Islands on their Journey to Become Carbon Neutral**—As an amendment to motion S6M-04428 in the name of Mairi Gougeon (Supporting Scotland’s Islands on their Journey to Become Carbon Neutral), insert at end “; regrets that, although Hoy and Yell will be supported towards becoming fully carbon neutral islands, inter-island ferries in Orkney and Shetland have been excluded from the new Islands Connectivity Plan, and calls on the Scottish Government to rectify this so that any targets around carbon neutral ferries include those serving all of Scotland's islands; recognises that reducing emissions from heat will be particularly challenging and costly in island communities with the highest levels of fuel poverty, and believes that the Scottish Government must therefore prioritise support through a targeted plan to help retrofit homes on Scotland's islands as part of wider efforts to meet Scottish Government targets.”

**followed by Committee Announcements**

**followed by Business Motions**

**followed by Parliamentary Bureau Motions**

**5:00 pm Decision Time**

**followed by Members' Business**  
**Debate on the subject of—**

**[S6M-04277](#) Beatrice Wishart: Protecting Marine Life During Unexploded Ordnance Removal**—That the Parliament notes reports that there are 100,000 tonnes of unexploded ordnance in waters around the UK, which are relics of the first and second world wars; recognises that the presence of bombs, mines and shells in the waters around Shetland and the whole of Scotland pose potential obstructions to offshore projects; understands that the current common method of disposing of these devices involves powerful explosives that the Joint Nature Conservation Committee, a statutory adviser of the UK and Scottish governments, acknowledges can be very loud; notes the concerns of campaigners that this can seriously disrupt and threaten marine mammals, which use sound to find food, socialise and navigate, and can suffer hearing loss, other physical damage, and death as a result of loud sounds; further notes the reports that connect clearances with mass strandings; acknowledges the campaign for the adoption of available low-impact methods of disposal, such as low-order deflagration, which it understands have the support of Whale and Dolphin Conservation and other organisations; notes the calls for new guidance from Marine Scotland and the Joint Nature Conservation Committee, and what it considers as the potential benefits of this for low-impact disposal methods and enhanced protection of marine life, and highlights the event that was hosted in the Scottish Parliament informing MSPs about the issue in April 2022.

\*[S6M-04445](#) **Michael Marra: Protecting Attainment Funding**—That the Parliament calls on the Scottish Government to revise plans for the Scottish Attainment Challenge to reinstate full funding to the nine original Attainment Challenge Authorities.

\*[S6M-04441](#) **Jackie Baillie: Supporting Carers During the Cost of Living Crisis**—That the Parliament is concerned by the escalating pressures that the cost of living crisis is putting on both the social care workforce and unpaid carers across Scotland, the majority of whom are women; recognises that poor pay and working practices in social care have been increasingly exposed during the COVID-19 pandemic and have created a recruitment crisis; notes that the rise in fuel prices is impacting on the ability of care workers to visit the people they support; calls on the Scottish Government to immediately end all non-residential care charges and implement a strategy for unpaid carers, which includes the restoration and expansion of respite services, with entitlements to short breaks and wellbeing services, and resolves that the mileage reimbursement rate for care workers is increased by five pence per mile, as agreed for NHS workers.

\*[S6M-04428](#) **Mairi Gougeon: Supporting Scotland's Islands on their Journey to Become Carbon Neutral**—That the Parliament welcomes the Scottish Government's announcement of the six islands that will be supported towards becoming fully carbon neutral by 2040; notes that the six islands are Hoy, Islay, Great Cumbrae, Raasay, Barra and Yell; recognises that these six islands will embrace the opportunity for island communities to lead the way in realising Scotland's climate change ambitions; notes that the project will benefit all Scottish islands, and not only those supported directly as part of the project, through knowledge exchange and good practices; welcomes this initiative, which puts Scotland's islands at the forefront of climate change policy while celebrating their unique culture and heritage, and acknowledges that the six carbon neutral islands will become international trailblazers and champions of carbon neutrality across the world.

## Members' Bills Proposals

### Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

[Proposals for Bills – Scottish Parliament | Scottish Parliament Website](#)

### Final Proposal for a Member's Bill

(lodged 28 April 2022)

The proposal was accompanied by a statement of reasons, which is accessible online via the website page referred to above, or in the Scottish Parliament Information Centre (SPICe).

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
