experience menopause in the same way and that being aware of symptoms is the first step in managing them, and recognises that Scotland is the first country in the UK to have a women's health plan, which, it believes, outlines ambitious improvements to women's health issues including menopause.

Motions

Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

Motions and amendments can be published with symbols:

- * before the number indicates publication for the first time
- *...* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

Motions for Debate

***[S6M-06523](#) Craig Hoy: National Care Service Viability**—That the Parliament notes the significant cross-party and cross-sectoral concern about the monumental risks involved in the creation of a National Care Service; warns that the financial memorandum to the Bill estimates that the creation of the service could cost up to £1.3 billion over five years and questions the accuracy of the Scottish Government's estimates currently before the Parliament; raises concern about the rationale for creating a National Care Service through major structural reform at a time when social care is in crisis; acknowledges the considerable concerns from local government, trades unions and other industry stakeholders about the potential negative impacts of centralisation; believes that better value for money and better patient care will be achieved by directing investment into frontline provision and staffing rather than reorganisation, and calls for the creation of a Local Care Service focussed on better local delivery, underpinned by a local care guarantee.

***[S6M-06520](#) Graham Simpson: Essential Road Improvements**—That the Parliament notes with alarm the number of recent fatalities on the A9 and A96; recognises the pain that these tragedies have caused families; believes that fully dualling both roads could lead to a significant improvement in road safety as well as helping the economy; notes the SNP administration's previous commitment to fully dual the A9 between Perth and Inverness and the A96, and calls on the Scottish Government to set out when these vital works will be completed.

Other new and altered motions and amendments

***[S6M-06505](#) Jackie Dunbar: NHS Grampian Medics and Teams Nominated Finalists in Scottish Health Awards 2022**—That the Parliament congratulates the teams at Rosewell House, HorseBack UK as well as consultant gastroenterologist, Dr Balasubramaniam Vijayan and Fiona McKenzie, scientific manager of the Scottish Microbiology and Virology Network, for making the shortlist of the prestigious Scottish Health Awards 2022; notes that Dr Vijaayan was shortlisted for the Doctor award due to his unwavering compassion and commitment to patients; further notes that Ms McKenzie was shortlisted for Leader of the Year Award for building links between 14 health board labs; notes that Horseback UK, a charity that primarily helps ex-military personnel,

was shortlisted for the Innovation award, due to its recognition that many health and social care workers were experiencing similar issues and providing them with support; understands that the team at Rosewell House was shortlisted for the Integrated Care Award for providing a safe place for patients to step down from an acute hospital environment or step up from the community; commends those that were shortlisted for their hard work and professionalism during what it considers is such a difficult time for the NHS, and wishes them all the best for the future.

***[S6M-06504](#) Jamie Greene: Port Glasgow Resident Awarded the President Award by Poppy Scotland**—That the Parliament congratulates Mrs Kitty Ramsay of Port Glasgow on being awarded the President Award at the Poppy Scotland parliamentary reception; notes that the President award is Poppy Scotland's highest honour; understands that it recognises exceptional volunteering services to the charity; notes the huge contribution that all Poppy Scotland volunteers make, and praises Poppy Scotland for its ongoing work in relation to providing support for current and former members of the Armed Forces as well as their families in a range of different areas.

***[S6M-06462](#) Gordon MacDonald: University of Edinburgh Ranked 1st in UK and 4th in World in New Sustainability Rankings**—That the Parliament welcomes the report from QS Quacquarelli Symonds, compilers of the brand-new QS World University Rankings: Sustainability, that the University of Edinburgh is ranked 1st in the UK and 4th globally, followed by the University of Glasgow, ranked 2nd in the UK and 13th globally, out of 700 institutions ranked globally; notes that the QS World University Rankings: Sustainability provides information on which institutions are actively demonstrating a commitment to a more sustainable existence; further notes that the rankings evaluate universities as campuses and their environmental friendliness, universities as employers and their social responsibility record, universities as research powerhouses and their contribution to finding solutions to global issues linked to sustainability, and universities as educators, shaping minds and educating society about the importance of sustainable development; understands that the assessment includes evidence from the impact that alumni are making in science and technology to solve climate issues, to the impact of research being done across the UN's 17 sustainable development goals; notes the reported words of Professor Peter Mathieson, principal and vice-chancellor of the University of Edinburgh, that "these rankings reflect the efforts of our staff and students in making the University of Edinburgh more environmentally and socially responsible" with a strategy that "aligns the University with the United Nations' Sustainable Development Goals", and welcomes the Principal's commitment to "continue to deliver positive change locally and globally through our academic research, education, operations and partnerships".

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.
