## Meeting of the Parliament

**2:00 pm Time for Reflection: Lucy McKee, Membership Ambassador for ENABLE**

**2:00 pm Parliamentary Bureau Motions**

**followed by Topical Questions**

- 1. Liam Kerr:** To ask the Scottish Government what its response is to reports that its claim that Scotland has 25% of Europe's offshore wind potential lacks evidence and that it knew that there was no basis for it. ([S6T-00960](#))
- 2. Maggie Chapman:** To ask the Scottish Government what its response is to Baroness Helena Kennedy KC's final report of the Independent Commission of Inquiry into Asylum Provision in Scotland, published on Friday, which highlights avoidable failings in the provision of care to New Scots during the COVID-19 pandemic. ([S6T-00961](#))
- 3. Paul Sweeney:** To ask the Scottish Government what its response is to reports that nursing staff at the Queen Elizabeth University Hospital are routinely left in charge of up to 30 patients and are forced to conduct 5.00 am bed washes due to staff shortages. ([S6T-00975](#))

**followed by Scottish Government Debate: The Future of Gaelic and Scots**

**[S6M-06763 Shirley-Anne Somerville: The Future of Gaelic and Scots](#)**—That the Scottish Government recognises the value of Gaelic and Scots and welcomes efforts of public bodies, stakeholders and the communities in supporting their growth and development; welcomes the progress that has been made in recent years with support for Gaelic in community initiatives, guidance and legislation, national structures and a wide range of projects and educational resources; further welcomes Scottish Government commitments to build on this progress, including the introduction of a Scottish Languages Bill in this parliamentary session, the establishment of a new strategic approach to Gaelic Medium Education, the development of a Gàidhealtachd, and reviewing the structure and functions of Bòrd na Gàidhlig, and calls on all MSPs to promote the Scottish Government's ongoing consultation on these commitments, to encourage people across Scotland to play their part in supporting a vibrant future for Gaelic and Scots.

The Presiding Officer has selected the following amendments

**[S6M-06763.1 Donald Cameron: The Future of Gaelic and Scots](#)**—As an amendment to motion S6M-06763 in the name of Shirley-Anne Somerville (The Future of Gaelic and Scots), insert at end "; acknowledges that challenges exist in the promotion of Gaelic, in particular, the difficulties facing local authorities in filling Gaelic Medium Education teacher vacancies at primary and secondary level, with a consequential impact on subject choice in schools, and urges MSPs to unite collectively to address these issues so that all of Scotland's languages can flourish."

**[S6M-06763.2 Michael Marra: The Future of Gaelic and Scots](#)**—As an amendment to motion S6M-06763 in the name of Shirley-Anne Somerville (The Future of Gaelic and Scots), insert at end "; highlights the importance of protecting Gaelic and halting its decline in its heartlands in recent decades, by ensuring the increase of Gaelic speakers and protecting current Gaelic speaking communities by providing good quality jobs and housing to arrest depopulation in these areas, and

by addressing current issues around regional economic inequality, connectivity and transport infrastructure as a matter of urgency; recognises the diversity of learners and speakers of Gaelic and Scots, and believes that more must be done to bring the promotion of these languages closer to communities across Scotland, and understands that cultural and social infrastructure across the country plays a key role in promoting local histories and languages that must be protected and enhanced.”

**Debate on the subject of—**

**[S6M-06230](#) Alexander Burnett: Improving Outcomes for People with Neurological Conditions**—That the Parliament welcomes the publication of the *Together for the One in Six* report from the Neurological Alliance of Scotland; understands that the report draws its conclusions and recommendations from a survey of over 800 people living in Scotland with a neurological condition; notes that the report found there were delays in the diagnosis of and treatment for neurological conditions; considers that these findings are the result of pre-existing structural problems, exacerbated by the impact of the COVID-19 pandemic; further considers that the Scottish Government’s plan to implement the Strategic Framework for Action on Neurological Care and Support has been delayed, and is unlikely to have achieved its objectives by its end point in 2025; highlights the view that services for children and young people with neurological conditions should be included in future strategic work; understands that the report concluded that there was a lack of data around the wider prevalence of neurological conditions, and notes the view that the Scottish Government must now address this and begin work to develop a comprehensive plan that ensures Scotland, including Aberdeenshire West, has the workforce and resources to support people with neurological conditions now and deliver better outcomes for them in the future.

## Members' Bills Proposals

### Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

[Proposals for Bills – Scottish Parliament | Scottish Parliament Website](#)

(lodged 1 November 2022)

The proposal was accompanied by a summary of consultation responses, which is accessible online via the website page referred to above. The summary, and individual responses, may also be viewed in the Scottish Parliament Information Centre (SPICe).

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
