## Motions

Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

### Motions and amendments can be published with symbols:

- \* before the number indicates publication for the first time
- \*...\* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

### Members' Business motions that have not achieved cross party support

**\*[S6M-06461](#) Gillian Mackay: Stroke Association's Report, Keeping Stroke Recoveries in Mind, Launched on World Stroke Day**—That the Parliament welcomes the publication of the Stroke Association's report, *Keeping Stroke Recoveries in Mind*, on World Stroke Day, 29 October, which focusses on patient experiences of the hidden effects of strokes; notes the key message in the report that emotional and psychological wellbeing for someone after a stroke is just as important as their physical recovery; further notes that the report outlines the results of the charity's lived experience of stroke survey showing that almost all, 95%, of stroke survivors report experiencing psychological or an emotional impact as a result of their stroke, yet only 25% report having received enough support, and provides recommendations on a new approach for stroke services in Scotland as devised by the Scottish Stroke Psychology Forum and included in the Progressive Stroke Pathway, endorsed by the National Advisory Committee for Stroke earlier this year; understands that this new approach is a holistic model involving all stroke clinical and social care staff, and one which treats strokes as having an emotional and psychological impact from the point of diagnosis; further understands that there are around 15,000 people in Central Scotland who are living with the effects of their stroke; notes the calls for all 14 geographical NHS boards to appropriately resource and deliver the model for psychological care as part of a progressive stroke pathway and thus involve all those working in stroke care to improve the recovery experience for all stroke survivors, and warmly commends those people with lived experience of stroke who shared their experience to inform and shape this report.

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
