[S6M-11733](#) Mairi Gougeon: Appointments of the Chair and Commissioners of the Scottish Land Commission—That the Parliament notes the Net Zero, Energy and Transport Committee's 21st Report, 2023 (Session 6), *Report on appointments to the Scottish Land Commission* (SP Paper 499); welcomes the Committee's recommendation that the Parliament approves the appointment of Professor Michael Russell, Professor Deborah Roberts and Craig Mackenzie as Land Commissioners to the Scottish Land Commission; further welcomes the Committee's endorsement of the selection of Professor Michael Russell as Chair of the Commission, and approves the appointments as required by section 10 of the Land Reform (Scotland) Act 2016.

The Presiding Officer has selected the following amendment

[S6M-11733.1](#) Douglas Lumsden: Appointments of the Chair and Commissioners of the Scottish Land Commission—As an amendment to motion S6M-11733 in the name of Mairi Gougeon (Appointments of the Chair and Commissioners of the Scottish Land Commission), leave out from "recommendation" to end and insert "unanimous recommendation that the Parliament approves the appointment of Professor Deborah Roberts and Craig Mackenzie as Land Commissioners to the Scottish Land Commission; recognises the widespread concerns expressed regarding the recommended appointment of Michael Russell; highlights that Michael Russell's appointment was not approved unanimously by the Committee because it had not had the opportunity to take evidence from him regarding any potential conflicts of interest that would arise from him having recently been an MSP, president of the Scottish National Party, interim chief executive of the Scottish National Party, and a Scottish Minister; understands that Michael Russell has made a number of inflammatory comments in the past about opposition politicians and parties, as well as about land reform, and therefore questions his ability to be impartial, and approves the appointments of Professor Deborah Roberts and Craig Mackenzie as required by section 10 of the

Land Reform (Scotland) Act 2016, but, in the interests of protecting the reputation of the Scottish Land Commission, does not approve the appointment of Michael Russell until such time as the Committee has undertaken further scrutiny."

Debate on the subject of—

[S6M-09975](#) Bob Doris: 75 Years of Marie Curie—That the Parliament congratulates Marie Curie on its 75th anniversary; recognises that, since its inception in 1948, Marie Curie has provided palliative and end of life care and support to millions of people affected by terminal illness and those dealing with dying, death, and bereavement across the UK; understands that Marie Curie works closely with NHS Scotland and is the largest provider of palliative care services for adults outside the NHS; believes that access to appropriate palliative care services is a key element of ensuring the best possible end of life experience; welcomes what it sees as the invaluable contribution of the Marie Curie nursing and volunteer services and its two hospices in Edinburgh and Glasgow; commends its most recent report, *How Many People Need Palliative Care?*, which was published on 6 July 2023 and maps palliative care need across the UK into the late 2040s; understands that, according to the report, palliative care need will increase by more than 25% across the UK by 2048; notes its prediction that the number of 85 year olds living in Scotland will increase by 90% by 2048 to 257,000; considers that, while welcome, this presents a challenge to palliative care services as the number of people with comorbidities in need of complex person-centred care and pain management at the end of life will also increase; understands that Marie Curie is the largest charitable funder of palliative and end of life research; commends the work of all at Marie Curie, including its clinical staff, support services and volunteer helper services, who work to ensure that everyone has the best possible end of life experience, and looks forward to further developing Scotland's public policy and delivery framework to most effectively meet that goal.

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
