**Debate on the subject of—**

**[S6M-17428](#) Karen Adam: Thomas Blake Glover, Fraserburgh's International Legacy**—That the Parliament recognises what it sees as the extraordinary global contribution of Thomas Blake Glover, a pioneering Scottish merchant and industrialist, who was born on 6 June 1838 in Fraserburgh, at what is now known as Glover Garden on Commerce Street, and who was the son of the town's harbour master; acknowledges Thomas Blake Glover's key role in 19th century Japan, where he supported the Choshu Five, a group of young scholars whose work helped shape modern Japanese governance, industry and education, including the introduction of sign language; notes his pivotal contribution to the establishment of the Mitsubishi Corporation and his influence in the development of Japan's shipbuilding and industrial sectors; celebrates the enduring cultural and economic links between Scotland and Japan that it believes Thomas Blake Glover helped to foster, including the internationally renowned Glover Garden in Nagasaki; recognises the contemporary relevance of his legacy in Fraserburgh, where offshore wind turbines, visible from the coast and maintained at the harbour where Thomas Blake Glover's father served, include parts manufactured by Mitsubishi; acknowledges what it sees as this powerful link between Fraserburgh's maritime heritage and its current role in the global energy transition; welcomes the development of Fraserburgh's own Glover Garden as a symbol of education, pride and international friendship, and wishes every success to the organisers and attendees of the inaugural Thomas Blake Glover Festival, taking place on 8 June 2025, in the hope that it will become a lasting annual celebration of Fraserburgh's unique contribution to global history.

### Members' Business motions that have not achieved cross party support

**\*[S6M-17700](#) Alexander Stewart: Revitalising High Streets**—That the Parliament acknowledges what it sees as the vital importance of Scotland's towns' and cities' high streets, including in the Mid Scotland and Fife region; understands that Scotland's retail industry employs almost 230,000 people of all ages and abilities in more than 22,000 shops, which collectively produce a turnover of £27 billion per annum; further understands that Scotland's retailers have donated and raised over £100 million for Scottish good causes since 2016, whilst Scottish retail contributes around £525 million in tax revenue; believes that retailers wish to work with the Scottish Government to deliver net zero, thus building a more circular economy whilst creating a far healthier Scotland; notes the view that there is a pressing need for a visible and effective high street police presence, especially in relation to reports of rising rates of theft and shop worker abuse; further notes the calls from high street business owners for more investment into transport infrastructure, to give apprenticeship levy payers access to skills training on the basis of those contributions, as well as to review all public sector bodies to assess whether there are opportunities for the identification of efficiencies, and notes the calls from retailers to universally revitalise high streets, which, it believes, have the potential, if nurtured, to be accessible for all, in addition to being safe, diverse, vibrant and attractive places for both residents and visitors alike.

## Progress of Legislation

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
