Government to take action north of the border to end what it sees as the double standard of fur farming being banned, yet still allowing fur imports and sales to continue.

**\*S6M-17985 Nicola Sturgeon: 25th Anniversary of the Repeal of Section 28**—That the Parliament notes that 21 June 2025 is the 25th anniversary of the passing of the Ethical Standards in Public Life etc. (Scotland) Act 2000, including the repeal of the provision that banned the "promotion of homosexuality", commonly referred to as section 28; recalls that the legislation was passed by 99 votes to 17; believes that the repeal of section 28 was a watershed moment for the new Scottish Parliament, as an important and clear signal that the Parliament was willing to stand up for equality and fairness; thanks all those who campaigned against the introduction of section 28 in 1988 and afterwards for its repeal, the then Scottish Executive ministers who led on repeal, and all MSPs who voted for it; recognises the reported harm caused by section 28 during the 12 years that it was in effect, most seriously, it understands, by suppressing any discussion of LGBT+ issues in schools and making life for young LGBT+ people much more difficult; welcomes the progress made since the repeal of section 28, including other changes to the law affecting LGBT+ people, such as equal parental rights and responsibilities, equal marriage, and the pardons legislation, and policies such as the introduction of LGBT+ inclusive education, and believes that the history of section 28 demonstrates that, although there may be setbacks along the way, remaining steadfast and clear in support of fairness and non-discrimination for all will over time deliver continued progress towards that goal.

**\*S6M-17970 Humza Yousaf: Govan Schools and Community Pipe Band**—That the Parliament recognises the ongoing good work of the Govan Schools and Community Pipe Band; understands that the band was born out of an idea in 2013 by retired police inspector Iain MacPherson and retired constable Iain Watson, with the aim to bring the joy of music to the local community, and to give children, who may otherwise not have access, the opportunity to learn a traditional Scottish instrument such as the bagpipes or pipe band snare drum; considers that, since 2013, the project has seen nearly 600 pupils and secured 14 pipers and drummers who went on to form a mixed schools band that is part of the after-school club in Govan High School; notes that, post-COVID-19 pandemic lockdown, the band competed in its first competition in the 2022 Scottish Pipe Band Championships in Dumbarton, and came first in its grade; commends the band for, from their first competition to the present, having been on the prize list of every competition that it has taken part in, bar one; acknowledges that the band gained promotion to grade 4A for the 2025 pipe band competition season, and has already won its first competition in the new grade; believes that the dedication that the band members have shown in learning their respective instruments has directly helped them in their higher education and career paths; commends the years of hard work and dedication to this project by Iain MacPherson, Iain Watson, Stevie Burns, and Alan McGeachie, and everyone else involved, and thanks them for shining a light on the talent and accomplishments of the people of Govan.

**[\\*S6M-17857 Jackie Baillie: Congratulating the University of Aberdeen on its Research on Chronic Pain](#)** —That the Parliament welcomes the work of Dr Guy Bewick and his team of researchers from the University of Aberdeen, who, it understands, working with Academia Sinica in Taiwan and a group of international experts, have shown that chronic pain is physiologically different from acute pain and can now be a target for future therapies; understands that the findings have been welcomed by Pain Association Scotland and GPs, and calls on the Scottish Government to work with charities, researchers and clinical staff to ensure that anyone living with chronic pain has access to the best possible pathway for treatment.

## Progress of Legislation

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
