Members' Business motions that have not achieved cross party support

***[S6M-17663](#) Foyso! Choudhury: Proposed Cuts to Third Sector Organisations by Edinburgh Integration Joint Board**—That the Parliament notes with concern the reported proposed cuts by the Edinburgh Integration Joint Board (EIJB) to services totalling more than £29 million, including, it understands, the majority of contracts to third sector organisations under the Thrive Edinburgh programme, worth £2.2 million; considers that any such proposed cuts would result in the closure of vital community-based mental health services delivered by third sector partners such as CAPS Independent Advocacy, Cyrenians, Edinburgh Leisure, Health in Mind, Media Education, Penumbra Mental Health, SAMH, VOCAL, Wheatley Care and Change Mental Health, which, it understands, currently support 640 individuals through the Stafford Centre; acknowledges that Thrive provides early intervention and preventative support for people with complex mental health needs, including carers, survivors of abuse, veterans, LGBTQ+ individuals, neurodivergent people, and those living with severe mental illness; considers that such cuts may leave many people with mental illness without support and forced into frontline health services, increasing pressure on existing services and budgets; notes the Scottish Government's Mental Health and Wellbeing Strategy, which states that "there is a strong economic case for investing in early intervention and prevention, as the costs of poor mental health and wellbeing are clear"; understands that Thrive has demonstrated significant economic and clinical value, generating £7.13 in social value for every £1 invested, and that the Stafford Centre has been estimated to save the NHS up to £4.4 million in hospital admissions; notes the wider financial situation of Integration Joint Boards across Scotland, which were reportedly projected to have a £457 million funding gap in an Audit Scotland report, and further notes the calls on EIJB to delay any proposed contract terminations by at least one year to allow for meaningful stakeholder engagement, co-production of a redesigned service model, and proper assessment of the long-term clinical and financial consequences of withdrawing community-based mental health support in Edinburgh.

***[S6M-17647](#) Marie McNair: Action Mesothelioma Day 2025**—That the Parliament recognises Action Mesothelioma Day 2025, which is on 4 July 2025; understands that mesothelioma is a rare cancer that is usually caused by exposure to asbestos, with tiny fibres getting into the lungs and damaging them over time; notes that the cancer most commonly occurs in the lining of the lung, but can also occur in the lining of the abdomen and the lining of the heart, with symptoms

including shortness of breath, chest pain, coughing and tiredness; understands that there are around 2,700 new mesothelioma cases in the UK every year, including around 200 in Scotland; recognises that Action Mesothelioma Day is a national event to raise awareness of asbestos and mesothelioma, raise vital funds to support the research into tackling mesothelioma, and to remember and support those who have been affected by the disease; notes with concern what it sees as the time bar injustice for mesothelioma victims and welcomes the Scottish Law Commission report, *Report on Damages for Personal Injury*, published in December 2024, which recommends that “an asymptomatic condition such as pleural plaques will no longer result in a time bar preventing recovery of damages for a later-developing symptomatic condition such as mesothelioma”; applauds the long-standing and ongoing work of the Clydebank Asbestos Group, which has provided information and support to people with asbestos-related conditions for over 30 years; notes the calls for continued research into mesothelioma, and hopes for a successful Action Mesothelioma Day 2025.

***S6M-17630 Rona Mackay: Aphasia Awareness Month**—That the Parliament notes Aphasia Awareness Month, which takes place in June each year and aims to raise awareness about aphasia; further notes that aphasia is a language disorder, which affects one in three stroke survivors but can occur with other neurological conditions or head injuries; understands that it can affect speech production, understanding speech, reading and writing, and using numbers; further understands that the level of difficulty varies from person to person, and from mild to severe; recognises what it sees as the significant impact that aphasia can have on a person’s life, leading to feelings of isolation, loneliness and mental health issues; notes what it sees as the impact that aphasia has on a person’s relationships with family and friends, everyday social interactions and access to work or services, as well as the stigma and negative treatment that it believes can come with living with the condition; welcomes the ongoing work of Chest Heart & Stroke Scotland to support people living with aphasia through resources and services; further welcomes Chest Heart & Stroke Scotland’s living well with aphasia course, which focuses on giving stroke survivors the information, skills and resources to live well with the condition, and notes the calls on the Scottish Government, NHS boards and other key organisations to be better informed about aphasia, increase access to speech and language therapy, and better understand the reality of living with this serious and potentially devastating health condition.

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

Corrections

Member's Correction

Official Report, Meeting of the Parliament, 15 May 2025

The Cabinet Secretary for Transport (Fiona Hyslop) has identified an error in her contribution and provided the following correction to the Official Report of 15 May 2025.

The Cabinet Secretary for Transport

At col 5, para 1, line 1—

Original text—

The member is right to point out that local authorities have responsibilities in relation to such rail projects. There has been close partnership working, and I can advise that the full south car park and a small portion of the north car park will be available from Sunday 18 May. From the day of opening, there will be double the provision that was available at the previous station. South Lanarkshire Council is working closely with its contractor to complete that work.

I confirm that the bus service will call at the station from Sunday, with additional bus services calling at the station in the coming months. This transformational project will offer fully accessible and sustainable transport options for passengers as a result of the Scottish Government's investment.
