S6M-18795 Kate Forbes: Supporting Scottish Exports in Response to Global Uncertainty—

That the Parliament recognises that demand for Scottish exports is strong due to Scotland's high-quality products and services, and its excellence in sectors such as food and drink, professional, scientific, and technical activities; notes that global trade challenges, including geopolitical uncertainty, Brexit, and trade tariffs, are having a detrimental impact on Scottish businesses; welcomes the Scottish Government's Six Point Export Plan, which is supporting Scottish businesses to respond to these challenges; notes that the additional support being provided, builds on effective and continued delivery of A Trading Nation, the Scottish Government's export growth strategy, as indicated through Scottish Enterprise's highest ever level of forecast export sales in 2024-25; acknowledges that meaningful collaboration between partners to promote Scotland internationally, using the Scottish Government-led award-winning Brand Scotland collateral, will boost awareness of Scotland's strengths and increase opportunities for export growth, and calls on the UK Government to fully address the continuing impacts of Brexit on Scottish and UK trade by rejoining the European Union, and reverse its damaging decision to increase employers' national insurance contributions, which is harming business confidence and Scotland's economy.

The Presiding Officer has selected the following amendments

S6M-18795.3 Murdo Fraser: Supporting Scottish Exports in Response to Global

Uncertainty—As an amendment to motion S6M-18795 in the name of Kate Forbes (Supporting Scottish Exports in Response to Global Uncertainty), leave out from first "notes" to end and insert "recognises that Scottish exporters operate in a competitive global market and benefit from the UK's ability to secure strategic trade deals and participate in global trading blocs, including the Comprehensive and Progressive Agreement for Trans-Pacific Partnership; recognises that agreements with India and the US mark a positive start in expanding opportunities for Scottish businesses in these important markets, alongside deals with partners such as Australia, Japan and Singapore; highlights that Scotland's key sectors, including engineering, advanced manufacturing, food and drink, energy, chemical sciences, and financial services, thrive because of enterprise, innovation and private investment rather than government brand campaigns; welcomes the strength of Scotland's defence sector in winning major export orders, exemplified by the £10 billion Type 26 frigate agreement with Norway for Scotland-manufactured warships that will sustain thousands of skilled jobs and growth across Scotland's wider manufacturing base; rejects calls to rejoin the EU, which would risk regulatory uncertainty and distract from delivering meaningful support; regrets that the Scottish Government continues to use trade policy to promote constitutional division, rather than business confidence, and calls for both of Scotland's governments to focus on cutting costs for employers, reducing unnecessary regulation, simplifying trade routes and working in genuine partnership with industry to grow Scotland's exports and secure jobs."

S6M-18795.1 Daniel Johnson: Supporting Scottish Exports in Response to Global

Uncertainty—As an amendment to motion S6M-18795 in the name of Kate Forbes (Supporting Scottish Exports in Response to Global Uncertainty), leave out from first "notes" to end and insert "welcomes UK Government action to strengthen international alliances and reduce trade barriers with economies around the world through diplomacy and the delivery of trade deals with India, the

Motions

Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

Motions and amendments can be published with symbols:

- * before the number indicates publication for the first time
- *...* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

Progress of Legislation

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
