that, despite this, two thirds of the 118-mile line, which it considers to be a critical route, remains single track and diesel operated, resulting in journey times that are reportedly similar to those from the Victorian era; believes that this results in frequent delays and causes limited capacity for passengers and freight; notes what it sees as the economic opportunities that can be offered by expanding and improving the nation's rail network, including connecting communities and boosting sustainable freight capacity to support major industries, such as the whisky and forestry sectors in the Highlands; considers that the work of the Highland Main Line Community Rail Partnership has been fantastic in improving the rail network by finding uses for redundant buildings and supporting passenger services; acknowledges the work of Network Rail in exploring additional passing loops, and notes the view that the line should be electrified and dualled to develop more reliable and environmentally sustainable rail transport for communities in the Highlands and neighbouring regions, as well as inter-city commuters and tourists visiting the north of mainland Scotland.

centenary exhibition were marked in Dundee; recognises the continuing importance of oceanographic research to climate and biodiversity policy; acknowledges the role that such exhibitions play in raising public awareness and inspiring future generations of researchers, and wishes the present *RRS Discovery* continued success in advancing humanity's understanding of the oceans.

**\*S6M-18941 Liam McArthur: New Scottish Charity Air Ambulance Helicopter Visits Dounby Community School**—That the Parliament recognises that Dounby Community School was the first of seven schools in Scotland selected to receive a visit from the new Scottish Charity Air Ambulance (SCAA) helicopter in September 2025; understands that the air ambulance visited Dounby Community School to thank pupils for their hard work in raising an astonishing £6854.52 as part of the Skyward Challenge to help support the operation of the SCAA helicopter; notes that the pupils were sponsored to run laps of the football pitch; believes that the Dounby pupils have done Orkney proud and shown incredible commitment to a very worthy cause; considers the work of the air ambulance to be absolutely vital in protecting communities across Scotland, particularly in rural and island areas, and saves lives by making sure people receive the care that they need as quickly as possible; understands that the trip provided an opportunity for paramedics and pilots to receive training before the ambulance becomes fully operational; thanks all the pupils and staff at Dounby Community School for their exceptional efforts and hard work, and pays tribute to the SCAA and air ambulance crews for their life-saving work in Orkney and across Scotland.

**\*S6M-18940 Rachael Hamilton: Racing Cancelled Day** —That the Parliament recognises what it sees as the significant number of livelihoods dependent on horse racing and supports the Racing Cancelled Day, which took place on 10 September 2025; understands that, on this date, no race meetings took place in Britain, as the sport took what it considers is an extraordinary step of refusing to race in protest at the UK Government's proposed tax rise on horserace betting and believes that this will be the first time that the sport has voluntarily refused to race in its modern history; further understands that this was in protest at the UK Government's reported proposal to harmonise gambling duties, which, it believes, would have a disastrous impact on the sport, costing the industry at least £66 million a year and threatening thousands of jobs up and down the country, from stable staff and farriers to small-town hotels and local pubs; urges everyone to show their support for the racing industry in Scotland, which includes five licenced racecourses and over 25 racehorse training yards; notes reports that Scottish horseracing generates over £300 million per year, supports over 3,400 jobs, and is the catalyst for community events and tourism activities supported by 300,000 racegoers who bring £24.6 million to racecourse's local economies every year; believes that the proposed harmonisation will significantly inhibit this, and urges the UK Government to back British Racing, reconsider its plans and axe the racing tax.

**\*S6M-18910 Neil Bibby: Recognising the Value of the Benedetti Sessions for Young Musicians**—That the Parliament recognises the inspiring work of the Benedetti Sessions in providing opportunities for young people to create and enjoy music; considers that the sessions, which are three-day workshops for school-aged string instrument players and primary school classes of all levels and backgrounds, take place several times per year in venues across the UK

and help participants to learn more about music from experienced instructors; notes that a session, which took place in the Glasgow Royal Concert Hall on 12-14 September 2025, saw over 300 children come together to learn and play music; observes that the sessions are organised by the Benedetti Foundation, which is a charity established in 2019 by the Scottish violinist, Nicola Benedetti CBE, and are aimed at providing equal access to music participation and appreciation for all; understands that, through its various in-person and virtual programmes, the Foundation has already worked with over 100,000 participants and hundreds of schools, and commends Ms Benedetti, the Foundation's CEO, Paul Fitzpatrick, and his team members, on their work.

**S6M-18889 Paul O'Kane: Houston Athlete Frank Sinclair Wins 10th World Title at 64—**That the Parliament understands that veteran powerlifter Frank Sinclair recently lifted the world championship for deadlifting, while also breaking his own world record in his bid for the title in the 90 kg deadlift class for the over-60 age group; commends Frank on a stellar career in weightlifting, having already achieved 10 European titles, 12 British titles and 34 Scottish titles; congratulates Frank on the inspiration behind his return to powerlifting, specifically that it followed the passing of his wife Shirley; understands that the strongman's community was stalwart in helping him through this difficult time and that this has led to him achieving world record successes; acknowledges that Frank believes that this year is likely to be his last competing and that he wants to, in his own words, go out on a real high, by attempting a 363 kg axle bar deadlift in November 2025, and further acknowledges that alongside competing, he has also enjoyed coaching younger lifters and aims to continue this.

## Progress of Legislation

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
