***[S6M-21079](#) Karen Adam: Support for Off-grid Households Facing Rising Heating Oil Costs—**That the Parliament notes reports of the rising cost of heating oil and other alternative fuels used by households not connected to the mains gas grid; considers that rural and coastal communities, including many households in Banffshire and Buchan Coast, are disproportionately affected by these costs; understands that off-grid households are not protected by the Energy Price Cap and remain exposed to fluctuations in global oil prices; further understands that the UK Government previously introduced the Alternative Fuel Payment to support households reliant on heating oil and other fuels

during the energy crisis; believes that the current volatility in global energy markets risks placing renewed pressure on off-grid households already facing high levels of fuel poverty, and calls on the UK Government to introduce a renewed targeted support scheme for households reliant on heating oil and other alternative fuels.

[S6W-44435](#) **Ariane Burgess:** To ask the Scottish Government, in light of information obtained by Animal Equality UK through a Freedom of Information request, which reportedly indicates that SEPA recorded 103 non-compliances at Scottish salmon farms in 2025, representing a 243% increase on the figure recorded in 2024, including 47 classified as major non-compliances, and that three quarters of sites found to be non-compliant over the last three years remain classified as non-compliant, whether it will commit to reviewing SEPA's enforcement powers in relation to aquaculture.

[S6W-44436](#) **Monica Lennon:** To ask the Scottish Government how much of the £12.9 million allocated to gynaecology services in 2025-26 has been directed specifically toward increasing theatre capacity for gynaecological procedures, and what mechanism is in place to track the direct impact of this funding on the number of women removed from the surgical waiting list each month.

[S6W-44437](#) **Monica Lennon:** To ask the Scottish Government whether it will meet its target to eliminate gynaecology outpatient and inpatient/day-case waits of over 52 weeks by the end of March 2026; how many women remain on the waiting list for inpatient/day-case surgery, and what the average waiting time is for those requiring surgery for endometriosis or fibroids.

[S6W-44438](#) **Monica Lennon:** To ask the Scottish Government what its most recent assessment is of the gynaecology workforce implementation gap that was identified by Audit Scotland; how many consultant gynaecologist vacancies, including locum-filled roles, there are in each NHS board, and what specific actions it is taking to recruit and retain specialist gynaecological nursing staff to support the new National Gynaecology Plan.

[S6W-44439](#) **Monica Lennon:** To ask the Scottish Government what variation there is between the shortest and longest average waiting times for a first gynaecology appointment in each NHS board, and what targeted interventions it is deploying in the most deprived SIMD quintiles to ensure that its goal of eliminating cervical cancer and reducing gynaecology waits does not leave women in these communities behind.

[S6W-44440](#) **Monica Lennon:** To ask the Scottish Government whether it will adopt the Scotland's Childcare Guarantee, which has been proposed by the group, Pregnant Then Screwed, specifically the call to expand funded hours to children from nine months old and the introduction of a 5% household income cap on childcare costs, and what specific modelling has been carried out on how these measures would support the retention of multiple-birth parents in the workforce.

[S6W-44441](#) **Monica Lennon:** To ask the Scottish Government what assessment it has made of the impact of childcare costs on families with multiple-birth children under three years, and whether it will consider a multiples discount or supplementary funding for these families to ensure that the cost of two or more nursery places does not exceed household income, as highlighted by the group, Pregnant Then Screwed, in its 2026 National Childcare Survey.

[S6W-44442](#) **Monica Lennon:** To ask the Scottish Government what steps it is taking to eliminate the reported "postcode lottery" regarding the start dates for funded early learning and childcare (ELC) hours, and what specific support is available for parents of twins who turn three years old mid-term but are forced to pay for two full-time places for several months until the following term's intake.

[S6W-44443](#) **Monica Lennon:** To ask the Scottish Government what guidance it provides to local authorities to ensure that siblings from multiple births can access their funded early learning and childcare (ELC) hours at the same provider and within the same sessions, in light of reports that limited capacity in some areas is forcing parents to split twins between different nurseries or different time slots.

[S6W-44444](#) **Monica Lennon:** To ask the Scottish Government how its school roll forecasting guidance accounts for the cumulative impact of multiple windfall developments (sites not originally in the Local Development Plan) on a single school catchment area, and what measures are in place to prevent local schools from reaching working capacity before any promised infrastructure improvements are delivered.

[S6W-44445](#) **Monica Lennon:** To ask the Scottish Government what recent assessment it has made of the accuracy of Pupil Product Ratios (PPR) used by local authorities to forecast school rolls in areas of high housing growth; what data it holds on instances where actual pupil numbers from new developments have exceeded the 0.3 (primary) and 0.13 (secondary) per household estimates, and whether it will review these formulas to ensure that they are fit for purpose, in light of the 2026 school census data.

[S6W-44446](#) **Monica Lennon:** To ask the Scottish Government whether it will issue updated guidance to local authorities to ensure that early learning and childcare (ELC) demand is formally integrated into the school roll forecasting process for new housing developments, and what steps it is taking to ensure that developer contributions are consistently secured for ELC infrastructure, as well as primary and secondary school capacity.

[S6W-44447](#) **Monica Lennon:** To ask the Scottish Government what its response is to reports that planning capacity formulas for existing schools do not account for modern educational requirements, such as breakout spaces and sensory rooms, and how it ensures that Section 75 developer contributions are sufficient to cover the true cost of modern school expansions, rather than just the basic physical classroom footprint.

[S6W-44448](#) **Miles Briggs:** To ask the Scottish Government what data it collects on how early learning and childcare funding is spent in local authorities.

[S6W-44449](#) **Miles Briggs:** To ask the Scottish Government what discussions it has had with COSLA about ensuring that children can access funded early learning and childcare even when taking up a place outwith the local authority in which they live.

[S6W-44450](#) **Miles Briggs:** To ask the Scottish Government what assessment it has made of the number of children who take up a funded early learning and childcare place in a local authority other than the one in which they live.

[S6W-44451 Miles Briggs](#): To ask the Scottish Government how it allocates national funding for funded early learning and childcare places, taking into account both the locations where children take up places and population data on where they live.

[S6W-44452 Miles Briggs](#): To ask the Scottish Government whether it will make the right for children to access funded early learning and childcare in any part of Scotland a statutory right.

[S6W-44453 Monica Lennon](#): To ask the Scottish Government what specific metrics it is using to assess the impact of universal free school meals on closing the poverty-related attainment gap, and whether its evaluation includes data on school attendance, classroom concentration and the reduction of so-called "holiday hunger" for those families currently caught in the gap between universal and means-tested eligibility.

[S6W-44454 Monica Lennon](#): To ask the Scottish Government whether it will provide an update on the test of change pilots for free school meals in secondary schools, which was launched in August 2025; how many pupils in S1 to S3 have benefitted from these pilots to date, and what its timeline is for evaluating these trials and bringing forward a national plan for universal secondary school meal provision.

[S6W-44455 Monica Lennon](#): To ask the Scottish Government what information it holds on how many third-party liability claims for vehicle damage caused by potholes were submitted to each local authority in 2025-26; what percentage of these claims were successful, and what steps are being taken to ensure that the "negligence" threshold used by claims handlers does not unfairly penalise any motorists who suffer damage on roads that the council has failed to inspect according to its own statutory schedule.

[S6W-44456 Sharon Dowey](#): To ask the Scottish Government how it is supporting small and medium-sized businesses to take on more apprentices, particularly in sectors experiencing skills shortages, in light of reports that many smaller employers consider the cost and administrative requirements of training to be a barrier to offering apprenticeship opportunities.

[S6W-44457 Monica Lennon](#): To ask the Scottish Government how it is monitoring the effectiveness of the pavement parking ban in (a) South Lanarkshire and (b) Glasgow since its implementation.

[S6W-44458 Monica Lennon](#): To ask the Scottish Government what assessment it has made of the impact of reported deteriorating pavement conditions on the number of unintentional trips and falls among people aged 65 and over, and what data it holds on the annual cost to each NHS board of treating injuries, such as hip fractures, specifically resulting from falls on poorly maintained or untreated public footways (a) in each year since 2021-22 and (b) since April 2025.

[S6W-44459 Monica Lennon](#): To ask the Scottish Government what its response is to the Scottish Walking and Wheeling Survey 2025, which suggested that 48% of adults over 65 would walk more if pavements were in better condition, and how it ensures that local authorities are meeting their Public Sector Equality Duty when making budget reductions to footway maintenance that disproportionately affect wheelchair users and people with visual impairments.

[S6W-44460 Monica Lennon](#): To ask the Scottish Government, in light of Age Scotland's 2025 research identifying fear of falling as a leading cause of loneliness and social isolation among older people, what guidance it provides to local authorities to ensure that pavement management systems and maintenance schedules prioritise footway routes leading to essential community hubs, such as GP surgeries, post offices and pharmacies, to ensure that defective surfaces do not act as a barrier to independent living and lead to the physical and mental health impacts associated with being housebound.

[S6W-44461 Monica Lennon](#): To ask the Scottish Government what its most recent assessment is of the number of hospitality businesses in South Lanarkshire that will receive support as a result of the 40% non-domestic rates relief for licensed premises introduced in its Budget 2026-27, and what steps it is taking to ensure that the £110,000 per-business cap does not unfairly disadvantage any local independent groups that operate multiple sites across Lanarkshire's high streets.

[S6W-44462](#) **Monica Lennon:** To ask the Scottish Government what its specific timeline is for the implementation of the first steps of the minimum income guarantee (MIG) roadmap, as called for in the Trussell 2026 Scottish Parliament election manifesto, and what assessment it has made of how a MIG would reduce the 16% of Scotland's population who are currently living in relative poverty after housing costs.

[S6W-44463](#) **Monica Lennon:** To ask the Scottish Government whether it will reform the Scottish Child Payment to ensure that families do not experience a so-called "cliff edge" loss of all support due to small changes in household income, and whether it will consider extending eligibility to people aged 16 to 19 who remain in full-time education.

[S6W-44464](#) **Monica Lennon:** To ask the Scottish Government what assessment it has made of the proposal to extend free bus travel to all people on universal credit to improve access to employment and essential services, and what progress has been made in reforming public debt recovery processes to ensure that debt owed to the Scottish Government does not push families into destitution and hunger.

[S6W-44465](#) **Monica Lennon:** To ask the Scottish Government what steps it is taking to ensure that accessible, community-embedded advice services are prioritised in the 2026-27 Budget; and how it is supporting local authorities to co-locate welfare rights and debt advice in settings such as schools, GP surgeries and community hubs, which are considered non-stigmatised.

[S6W-44466](#) **Fergus Ewing:** To ask the Scottish Government, regarding the requirements that apply when an application for a proposed marine development is located within an area containing a war grave, whether it will provide information on (a) what action an applicant is required to take in relation to such matters, (b) whether any applicant who is aware that there is a war grave within the proposed development area has a duty to disclose this, and, if so, to whom, (c) what penalty or sanction applies should an applicant fail to make such a disclosure and (d) whether such an application would be automatically rejected on the grounds of misrepresentation and failure to disclose.

[S6W-44467](#) **Fergus Ewing:** To ask the Scottish Government, regarding the content of the application by Offshore Solutions Group (OSG) for an exemption from undertaking a full Environmental Impact Assessment (EIA) for its proposed Moray FLOW-park development, whether OSG has disclosed in its application the presence of a war grave within the proposed development location, and, if not, what action the Scottish Government will take in light of this.

[S6W-44468](#) **Monica Lennon:** To ask the Scottish Government, in light of 2026 reporting by the Association of Personal Injury Lawyers suggesting that an average of 26 people per week across Great Britain are harmed in e-scooter collisions, what specific data it holds on the number of such casualties in Scotland, and what urgent steps it is taking to protect vulnerable pedestrians, particularly those with visual impairments, from the illegal use of high-powered e-scooters on pavements.

[S6W-44469](#) **Monica Lennon:** To ask the Scottish Government what specific funding it will provide to South Lanarkshire Council in 2026-27 to support the Reinventing the High Street initiatives proposed by the FSB, including (a) pop-up grants and (b) temporary use licenses for vacant retail units in town centres.

[S6W-44470](#) **Monica Lennon:** To ask the Scottish Government what assessment it has made of the effectiveness of Police Scotland's use of specialist drones to detect and track illegal e-scooter and e-bike riders, and how many vehicles have been seized in the (a) Lanarkshire and (b) Greater Glasgow division as a direct result of these interventions.

[S6W-44471](#) **Monica Lennon:** To ask the Scottish Government how many whole time equivalence (WTE) consultant community paediatrician vacancies currently exist in each NHS board, and what assessment it has made of the impact of these vacancies on the ability of NHS boards to meet the 18-week referral-to-treatment standard for children with complex disabilities.

[S6W-44472](#) **Monica Lennon:** To ask the Scottish Government how many children are currently on the waiting list for a first appointment with a community paediatrician in each NHS board area; what the

(a) median and (b) 90th percentile waiting time is for these appointments, and how many children in each NHS board area have been waiting for more than (i) 52 weeks, (ii) 78 weeks, and (iii) 104 weeks.

[S6W-44473](#) **Monica Lennon:** To ask the Scottish Government what the current waiting times are for a neurodevelopmental assessment for (a) autism and (b) attention deficit hyperactivity disorder (ADHD) within community paediatric services in each NHS board, and what its response is to reports that some boards have previously closed or suspended these waiting lists to new referrals.

[S6W-44474](#) **Monica Lennon:** To ask the Scottish Government what the current average time is between a referral being received by a community paediatric service and the completion of the initial triage process in each NHS board, and what steps it is taking to ensure that children are not "parked" in triage for extended periods before being formally added to a waiting list for treatment or assessment.

[S6W-44475](#) **Monica Lennon:** To ask the Scottish Government what plans it has to mark Purple Day 2026 on 26 March to raise awareness of the 80,000 people in Scotland living with epilepsy, and which Scottish Government buildings and national landmarks, such as St Andrew's House and Victoria Quay, will be lit up purple as a symbol of solidarity and to help reduce the stigma associated with the condition.

[S6W-44476](#) **Monica Lennon:** To ask the Scottish Government, in light of the 30th anniversary of SUDEP Action, what specific steps it is taking to ensure that every person diagnosed with epilepsy is formally assessed for sudden unexpected death in epilepsy (SUDEP) risk using evidence-based tools, and how it is monitoring the consistency of "safety conversations" between clinicians and patients to ensure that lifesaving information on risk factors is provided at the point of diagnosis.

[S6W-44477](#) **Monica Lennon:** To ask the Scottish Government how many epilepsy specialist nurses are currently in post in each NHS board area; how this compares with the recommended "gold standard" ratio, and what progress it has made on the Scottish National Party (SNP) 2021 manifesto commitment to increase the number of specialist nurses to ensure that every patient has access to a dedicated point of contact for seizure management and medication reviews.

[S6W-44478](#) **Monica Lennon:** To ask the Scottish Government what its response is to Epilepsy Scotland's 2026 research regarding the "mental health crisis" facing people with epilepsy, and what funding it will allocate in its Budget 2026-27 to improve access to neuro-psychology and mental health professionals that are specifically trained to understand the complex relationship between seizure activity, anti-seizure medications and psychological wellbeing.

[S6W-44479](#) **Claire Baker:** To ask the Scottish Government, further to annex 1 of the *Tackling Child Poverty Delivery Plan 2026-2031*, for what reason the monetary investment in the Tackling Child Poverty Fund as a result of the allocation of "two child limit funds" has increased from £49 million to £61.5 million, and how this fund would have been financed had the "two-child limit" remained in place.

[S6W-44480](#) **Claire Baker:** To ask the Scottish Government what its estimated cost for 2026-27 is of (a) uprating the Scottish Child Payment and (b) introducing the £40 weekly payment for under-one-year-olds.

[S6W-44481](#) **Claire Baker:** To ask the Scottish Government, further to annex 1 of the *Tackling Child Poverty Delivery Plan 2026-2031*, how it planned to fund the statutory requirement to uprate the Scottish Child Payment, including the introduction of a £40 weekly payment for under-one-year-olds, had the "two-child limit" remained in place.

[S6W-44482](#) **Monica Lennon:** To ask the Scottish Government what its response is to reports that the vape shop on Union Street, Glasgow, where the devastating fire on 8 March 2026 reportedly originated, was not registered on the Register of Tobacco and Nicotine Vapour Product Retailers, and what urgent steps it is taking to empower local authorities and Trading Standards Scotland to identify and close any unregistered "pop-up" retailers that bypass legal oversight and safety requirements.

[S6W-44484](#) **Monica Lennon:** To ask the Scottish Government whether it will establish a City Centre Fire Recovery Fund, similar to the one created after the 2018 Glasgow School of Art fire, to provide immediate financial relief and business rates holidays for the small businesses that have lost their premises, stock, and livelihoods due to the Union Street blaze in Glasgow on 8 March 2026.

[S6W-44485](#) **Monica Lennon:** To ask the Scottish Government what its policy is regarding the proximity of high-risk retail units, such as those storing large quantities of combustible lithium-ion products, to critical national infrastructure like Glasgow Central Station, and whether it will review planning and building standards to prevent the location of such businesses in high-density transport hubs.

[S6W-44486](#) **Monica Lennon:** To ask the Scottish Government what guidance it provides to local planning authorities regarding the proximity of high-risk retail units, such as those storing combustible vaping and smoking materials, to residential properties and major transport hubs, and whether it will review the safety of flats located directly above such retail units, in light of the Union Street building collapse in Glasgow.

[S6W-44487](#) **Monica Lennon:** To ask the Scottish Government whether it will introduce new fire safety standards specifically for retail premises that store high volumes of lithium-ion batteries and flammable lighters and lighter fluid, and what assessment it has made of the risk that these products can pose to historic, timber-framed buildings and critical infrastructure, such as Glasgow Central Station.

[S6W-44488](#) **Monica Lennon:** To ask the Scottish Government whether it will support the introduction of a formal licensing scheme for vape retailers, similar to the one currently in place for alcohol, to ensure that all businesses selling these products are subject to rigorous pre-opening fire safety inspections and "fit and proper person" tests.
