Meeting of the Parliament

10:00 am Parliamentary Bureau Motions

followed by Members' Business: Brian Whittle: Sport and Activity as a Force for Good

[S6M-20497](#) Brian Whittle: Sport and Activity as a Force for Good—That the Parliament recognises the importance of sport and activity as a force for good that goes beyond just physical health; considers that they have a significant impact on mental health, as well as contributing to community and national cohesion and wellbeing; believes that sport breaks down barriers of colour, race, religion and creed by bringing individuals and communities together through a common shared interest and passion; recognises that, by promoting sport and activity, the Scottish Government can positively impact on confidence, resilience and aspiration which, in turn, can positively impact on education and benefit the economy, and notes the view that the Scottish Government should do everything that it can to make sport and activity available for all, in the South Scotland region and across the country, irrespective of personal circumstances.

followed by Members' Business: Christine Grahame: Animal Welfare Sentencing and Public Protection

[S6M-20603](#) Christine Grahame: Animal Welfare Sentencing and Public Protection—That the Parliament recognises what it sees as the serious harm caused by animal cruelty, neglect and illegal breeding; notes concerns raised by animal welfare organisations regarding the consistency and proportionality of sentencing in animal welfare cases; understands that many cases involving the welfare of pets and farm animals are dealt with under summary procedure, limiting the penalties available under the Animals and Wildlife (Penalties, Protections and Powers) (Scotland) Act 2020; notes what it sees as the lack of specific sentencing guidelines covering these offences; further notes the view that clearer guidance and greater awareness of available powers would support more consistent sentencing that reflects the severity of the crimes; acknowledges calls for stronger monitoring and enforcement of disqualification orders, including consideration of a national animal offenders register to improve information sharing between agencies, and notes the importance of continued partnership working between the Scottish Government, justice partners, the Scottish Sentencing Council, Police Scotland and animal welfare organisations to support effective sentencing and protection for animals and the public in Midlothian South, Tweeddale and Lauderdale and across the country.

EXPLANATORY NOTE

(This note is not part of the Resolution)

The Lobbying (Scotland) Act 2016 (“the Act”) sets out a registration regime for “regulated lobbying”, as defined in the Act. In doing so it makes provision for a lobbying register which is operated by the Clerk of the Scottish Parliament (“the Clerk”). Part 2 sets out the content of the register and the role and functions of the Clerk in operating it. This includes a requirement that the register contains specified information about each registrant’s identity (section 4). Section 5 sets out that information about identity. Section 7 sets out the additional information that the register must contain.

Paragraph 2 modifies Part 2 of the Lobbying (Scotland) Act 2016 by adding to section 5 that the information about the person's identity must also include an email address and, if available, a telephone number. The type of email address varies depending on the type of person (e.g. individual, company, partnership or other person) but, for registrants who are not individuals, it must be an email address to which, in the ordinary course of events, emails sent by the Clerk would be expected to come to the attention of a person acting on behalf of the registrant.

Paragraph 3 makes provision for further additional information that may be provided by the registrant for inclusion in the register. That further additional information is such information as may be provided by the registrant about any individual given responsibility by the registrant for ensuring compliance with the requirements of the Act.

Paragraph 4 makes a consequential amendment.

These amendments aim to enable the Clerk to improve communication with registrants, for example, to provide updates, notices and reminders that are important for the registrant. They are intended to assist the Clerk in the discharge of the duties and functions imposed by or under the Act.

followed by Members' Business: Clare Haughey: Closure of Bank of Scotland Branches

[S6M-20791](#) Clare Haughey: Closure of Bank of Scotland Branches—That the Parliament notes with concern the reported decision by the Lloyds Banking Group to close 11 Bank of Scotland branches between June and July 2026, including the Rutherglen branch; understands that this is the latest in a series of bank closures across the UK; believes that these closures will have a significant impact on local residents, businesses and organisations that depend on high street banks for cash access and essential banking services, particularly older people, disabled people, small businesses and charities; considers that the closure of banks is hugely detrimental to the viability of local high streets, and notes the calls on the Lloyds Banking Group to reconsider its decision.

followed by Members' Business: Fulton MacGregor: Strengthening Adoption Support for Families

[S6M-20902](#) Fulton MacGregor: Strengthening Adoption Support for Families—That the Parliament notes the findings of the report, *Strengthening the Safety Net: A Framework for Adoption Support in Scotland*, which was published by the Cross-Party Group on Social Work and highlights what the group identified as serious and systemic shortcomings in adoption support services across Scotland; believes that adoptive families in communities in Coatbridge and Chryston, and across the country, frequently experience fragmented, inconsistent and inadequately resourced post-adoption support; recognises that the Adoption UK Barometer 2025 suggested that 78% of adoptive families in Scotland face significant challenges, with 40% reporting severe difficulties, and that official figures on adoption breakdown are believed to likely underestimate the true scale of family distress due to inconsistent definitions and limited data collection; expresses concern at reports that many families reach crisis point without timely access to specialist, trauma-informed support, respite provision or intensive family services, increasing, it believes, the risk of placement disruption and further harm to children and families; acknowledges that adoption does not erase the effects of early trauma, abuse and neglect, and that adopted children's needs often intensify during adolescence and key transition points; considers that the transfer of post-adoption support from specialist adoption teams to generic

children and families services after three years frequently fails to reflect the complexity of adoptive family life; notes the report's recommendations for a national adoption practice model, improved training, mandatory data collection, minimum standards for preparation and support, enhanced crisis intervention and respite services, and greater flexibility in adoption allowances, and further notes calls on the Scottish Government to work with adoptive families, adopted people, frontline practitioners and local authorities to urgently develop and implement a comprehensive national framework for adoption support, and to ensure that families across Scotland, including in Coatbridge and Chryston, can access consistent, high-quality, lifelong adoption support, regardless of postcode. **R**

—That the Parliament expresses its great sadness at the passing of Jen Hardy MBE, who passed away peacefully on 20 March 2026 at Edinburgh’s Western General Hospital, surrounded by family; notes the inspirational work of Jen, who founded the charity, Cancer Card, in 2021 following her diagnosis of incurable stage 4 breast cancer in 2017; understands that Jen was instrumental in successfully campaigning to make Pertuzumab (Perjeta) available via NHS Scotland, which is a drug that can help to extend life projections in cancer patients; believes that, since the founding of Cancer Card, tens of thousands of Scots diagnosed with cancer have been supported by the charity; notes that Jen was appointed an MBE in 2023 for her outstanding leadership and inspirational support for people affected by cancer; recognises how wonderful a person Jen was and the positive impact that she had on everyone she

met, and celebrates the achievements of such an incredible woman, whose legacy will continue through Cancer Card.

***[S6M-21177](#) Kenneth Gibson: Rescinding the Scottish Adjacent Waters Boundaries Order 1999**—That the Parliament urges the UK Government to rescind the Scottish Adjacent Waters Boundaries Order 1999, which determines the co-ordinates of the boundaries on the east coast between Scotland and England; understands that this statutory instrument was introduced only days before the Scottish Parliament reconvened in 1999; considers that the median line approach, which was imposed on Scotland by the then UK Labour administration, reduced Scottish waters by 15,000 square kilometres, compared with the Continental Shelf (Jurisdiction) Order 1968; believes, with regret, that this decision removed any future Scottish control over fisheries and any oil, gas and other minerals in that sector; recognises that there are numerous examples of departures from the median line principle in several settlements around the world, including in judgements made by the International Court, and demands that a straight baseline be drawn from Eyemouth to Peterhead to take into account Scotland's highly indented eastern coastline, in order to straighten the England-Scotland border back towards the original east-west alignment.

***[S6M-21176](#) Beatrice Wishart: NHS Shetland Maternity and Health Visiting Services Achieve UNICEF UK Baby Friendly Initiative Gold Status**—That the Parliament congratulates NHS Shetland's maternity and health visiting services on achieving a Gold accreditation under the UNICEF UK Baby Friendly Initiative, a nationally recognised mark of excellence in care for babies and their families; understands that the services were officially awarded Gold status in August 2025, recognising the high standards of care, and the commitment to maintaining these, for families across Shetland; further understands that the UNICEF UK Baby Friendly Initiative supports services to provide high-quality, evidence-based care that helps parents build close and loving relationships with their babies, and supports them in their feeding journey to give every child the best possible start in life; notes that, to retain accreditation, services must complete regular audits of both staff and parents to ensure that standards continue to be met; pays tribute to the leadership of Susan Keay, NHS Shetland's Infant Feeding Lead and Integrated Midwife, in helping the services gain accreditation; believes that the Gold status is a testament to the commitment, dedication and hard work of the maternity and health visiting teams in Shetland in delivering person-centred care for families in the Shetland community, and wishes all staff in these teams well.

***[S6M-21175](#) Tim Eagle: Two Forres Women Awarded the Benemerenti Medal**—That the Parliament congratulates Edith Cook and Elizabeth Hewitt, both of Forres in Moray, on each being awarded a prestigious Benemerenti Medal by Pope Leo XIV for their longstanding service to the Catholic Church; believes that the Benemerenti Medal is the highest honour a layperson can receive and that it is exceptionally rare for two people from the same parish to receive it at the same time; understands that Edith has been the organist at St Margaret's RC Church for the last 50 years and that Elizabeth was a teacher at St Sylvester's school for many years, and has lead the Children's Liturgy Group at St Margaret's and the Moray Faith and Light group for over 20 years; recognises the important role that volunteers play in local communities, and offers Edith and Elizabeth the very best wishes on their awards.

***[S6M-21173](#) Fulton MacGregor: A Framework for Community Football Development**—That the Parliament welcomes the publication of the report, *Supporting Scotland's Game: A Framework for Community Football Development*, by the Cross-Party Group on the Future of Scottish Football regarding the role of community football facilities; commends the cross-party group for its constructive, evidence-based approach to examining how football contributes to Scotland's wider social, health and economic objectives; recognises what it sees as the significant contribution that community football clubs and associated organisations make as trusted anchor institutions in communities across Scotland, supporting physical and mental health, reducing social isolation, advancing equality and fostering community cohesion; acknowledges the compelling evidence that it believes was presented to the cross-party group highlighting the importance of accessible, affordable and high-quality facilities in sustaining participation and inclusion at grassroots level; notes the challenges identified in relation to facility access, rising operational costs and pressures on local authorities; considers that, aligned with the National Performance Framework, community football represents a valuable form of preventative investment; welcomes the report's recommendations for a more consistent national approach to facility access, sustainable funding models and strengthened partnership working, and commends the cross-party group on its contribution to parliamentary engagement, policy development and dialogue with stakeholders over the last two parliamentary sessions to ensure that community football continues to deliver positive outcomes for people and communities throughout Scotland. **R**

Progress of Legislation

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 2.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
